I. The Anomaly of the Name	24
This is a shamanic formula for building the “greatest name of the demon”. Many similar shamanic names with Persian “ra” in the middle exist:	24
Ahriman = Ah-re-Man.....	24
Ahuramazda = Ahu-ra-Mazda.....	24
Angaramaynu = Anga-ra-Maynu	24
Therefore, the name of Israel “did” follow shamanic structure, with only one difference: It is fake! What proves it?	25
The secret is all such shamanic names which has “ra” in the middle.....	25
• indicate to the moon as the father of the feminine principle	25
• moon appears as a replacement of the sun.....	25
• sun has been already killed when moon comes as replacement	25
• such names are formulized as “a new sun for the girl” (it means the moon is a replacement of sun, for the girl)	25
• therefore while such names are dad’s names, but they include the name of son/sun and the girl.	25
• Israel does include Isis (girl), it is followed by the Persian proposition of belonging (ra), but it is followed by El who is dad! It means Israel is a	

replacement for the dad (after dad is dead). But the problem is, in shamanic mythology dad/moon doesn't die! He doesn't need a replacement!	25
• Actually, it happens when "enemy" kills dad, and he "imposes" a replacement for dad.	25
• If this name was truly magi, and was indicating to the Canaanite shamans, it's correct form could have been: Is-ra-Bel. Because Bel (Baal/Bull) is the one who dies and needs replacement.....	25
• Israel is following shamanic structure, but it is betraying the shamanic narrative! So the name itself says: it is the name of an impostor!	25
• The correct name is either Yahweh (father of Yahoo) or Ahriman	25

PREFACE: THE FORMULA OF DIMINUTION

History is not always written by the victors; often, it is written by the **Scavengers**.

The greatest theft in human memory was not the seizure of gold or land, but the **Shrinkage of a Soul**. For centuries, the "Theater of Method" has directed our eyes toward a tiny, arid strip of Mediterranean coast, claiming that here—in this place called Israel"—lies the origin of a global sovereignty. This is the first and most enduring lie of the Mastermind.

The title of this book, **A Heresy Called Israel**, refers to the surgical procedure performed by the Rabbinic elite at the Sura Academy. They took the "Great Khazar"—the vast, high-sovereignty of the Khazar-Ashkenazi Khaganate and the Babylonian Exilarchate—and condensed it into a portable, manageable fiction.

They performed this "Diminution" for a single, predatory reason: **To own a thing, you must first make it small enough to fit in your pocket**. An empire of the Steppe is too large to be possessed by a scriptural cult; but a "Israel" defined by a few city walls and a collection of anecdotes can be carried away in a **Wheelbarrow**.

This book is a Forensic Audit of that theft. We will dismantle the "Wrestler" myths and the "Exile" narratives to show how:

- The **Töre** (the living Shamanic Law) was petrified into the **Torah** (the Rabbinic manual).
- The **Zar** (the Solar Lord) was beheaded to become a mere "Head of Goliath."
- The **Temple of the Mother** was betrayed and burned by the very faction that now claims its ruins.

By the end of this volume, the "Israel" will be exposed for what it is: a **Stolen Lamp**. To find the Genie, we must step on the Rabbinic "Wheelbarrow" and return to the Imperial magnitude of the **Ha-Zar**—the real Tribe of the Sun.

CHAPTER 1: THE MYTH OF THE CONVERSION

The "Theater of Method" relies on a single, pivotal act of historical magic to explain the presence of the Ashkenazi: **The Conversion**. According to the Rabbinic script, a sovereign superpower—the Khazar Khaganate—simply woke up one morning in the 8th century, listened to a debate between a Rabbi, a Priest, and an Imam, and decided to discard their ancestral soul for a foreign manual.

From a forensic standpoint, this is not history; it is a **Mastermind Cover-up**.

I. The Statistical Impossibility of the "Debate"

Nations do not "convert" because of a theological argument. In the ancient world, religion was **Ontology**—it was tied to blood, the **Töre** (Eternal Law), and the spirit of the land. The idea that King Bulan of the Khazars would surrender his people's identity to a wandering Rabbi from the Levant is as absurd as suggesting a lion would "convert" to being a sheep because of a lecture on grass.

The "Conversion" story was invented to solve a problem for the Scavenger: How to explain why a group of Northern Shamanic Lords were carrying "Hebrew" hardware. By framing it as a "conversion," the Rabbi:

1. **De-legitimized the Khazars:** It turned them into "late-comers" to their own identity.
2. **Established the Rabbi as the Source:** It made the Scavenger the teacher and the Lord the student.

II. The Strategic Annexation of the "Brand"

If the Khazars did not "convert," what happened? The answer lies in the **Fourth Case: Strategic Annexation**.

The Khazar-Ashkenazi elite were the architects of the Silk Road. They were a high-intelligence, high-sovereignty elite who recognized that the "Hebrew/Judaic" identity was a **High-Utility Legal and Commercial Shell**. In a world divided between the Cross (Byzantium) and the Crescent (The Caliphate), the Khagans chose a "Third Way"—a diplomatic passport that allowed them to move through both worlds without submitting to either.

They did not "join" Judaism; they **annexed** it. They took the Hebrew script and the monotheistic brand and used it to house their existing **Turkic-Shamanic Sovereignty**.

III. The Forensic Proof: The Persistence of the Dev

The most damning evidence against the "Conversion" is the **Naming of the Reich**. If a nation undergoes a genuine religious conversion, they purge their old deities. Yet, when these "converts" deployed into Europe to establish their new home, they did not name it "New Judea" or "Zion." They named it **Dev-chi-land** (Deutschland). They stamped the land with the name of the **Dev** (The Shamanic Masculine Archetype).

They were "Jewish" on the envelope, but **Turkic-Shamanic** in the letter. The "Conversion" was a geopolitical mask—a "Minor" identity worn by a "Great" power to facilitate a deployment that the world was not yet supposed to understand.

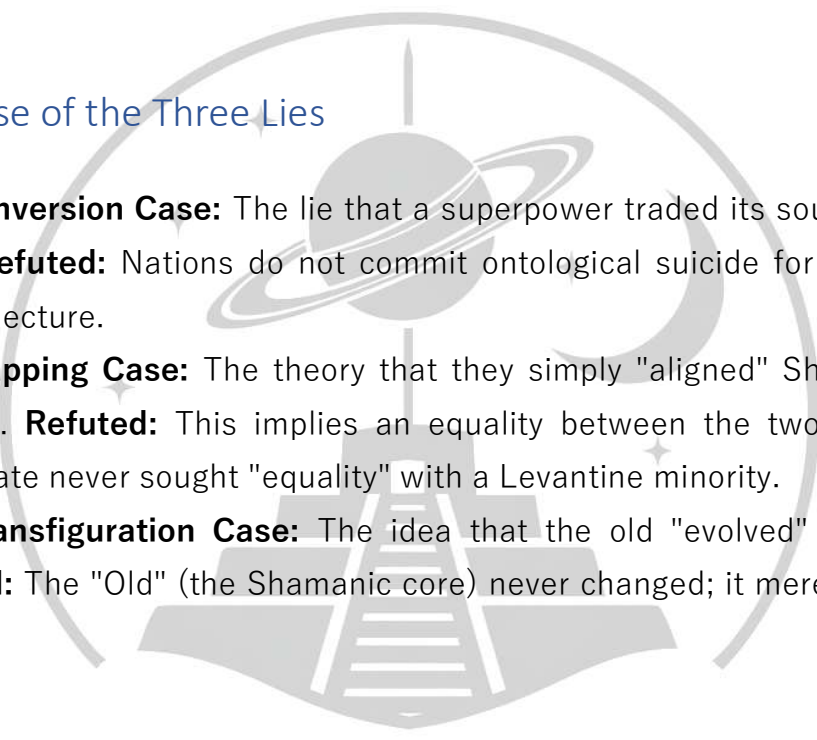

IV. The Resulting Wound

By accepting the "Conversion" narrative, history has been blinded. It has traded the **Imperial Reality** of the Khaganate for the **Anecdotal Fiction** of the Rabbi. The "Conversion" is the first wall of the "Israel" wheelbarrow—the boundary that keeps the Lord from remembering that he was never a student of the Rabbi, but the owner of the Law.

CHAPTER 2: THE FOURTH CASE – THE SHAMANIC DOMINION

To understand "Israel," one must first observe the wreckage of the Three Official Lies. The "Theater of Method" offers three doors to explain the Khazar-Ashkenazi identity, but each one leads to a forensic dead end.

I. The Collapse of the Three Lies

- 
1. **The Conversion Case:** The lie that a superpower traded its soul for a guest's book. **Refuted:** Nations do not commit ontological suicide for the sake of a guest's lecture.
 2. **The Mapping Case:** The theory that they simply "aligned" Shamanism with Judaism. **Refuted:** This implies an equality between the two systems; the Khaganate never sought "equality" with a Levantine minority.
 3. **The Transfiguration Case:** The idea that the old "evolved" into the new. **Refuted:** The "Old" (the Shamanic core) never changed; it merely went under cover.

II. The Fourth Case: Sovereignty without Submission

The **Fourth Case** posits that the Khazar elite recognized the "Hebrew Brand" as a **High-Utility Shell**. They did not "become" Jews; they **annexed** the identity to provide a diplomatic and legal "skin" for their existing Shamanic Empire.

This was a **Deployment Strategy**. By adopting the Hebrew script and the monotheistic label, the Khaganate created a "neutral zone" between the warring Christian and Islamic empires. It allowed them to manage the Silk Road with a "Security Clearance" that neither Rome nor Baghdad could revoke.

III. The Naming Proof: The Dev in the Reich

The smoking gun of the Fourth Case is found in the geography of Europe. If the Khazar-Ashkenazi were true "converts" to the Rabbinic "Israel," the names of their new territories would reflect the Torah. Instead, we see the total dominance of the **Shamanic Masculine Archetype**.

They named the heart of Europe **Dev-chi-land** (Deutschland).

- **Dev:** The Shamanic Giant/Lord.
- **Chi:** The possessive/follower suffix.

They did not build a "New Jerusalem" in the woods; they built a **Dev-chi-land**. They used the Rabbi's "Judaic" identity as a portable passport to travel West, but once the anchors were dropped in the Alps and the Rhine, they reverted to the language of the **Alp** and the **Kagan**.

IV. The Shamanic Operating System

The Fourth Case reveals that the Rabbinic "Software" was never the Operating System of the Ashkenazi; it was merely the **User Interface**.

- **The Interface (Public):** Hebrew letters, dietary laws, and the label "Jew."
- **The Operating System (Private):** The **Töre** (Eternal Law), the Dualism of the Sun and Moon, and the cult of the **Zar-Man**.

The Rabbi's later "victory" was in convincing the world—and eventually the Ashkenazi themselves—that the Interface *was* the Operating System. By doing so, he successfully performed the first "Diminution," hollowing out the Shamanic Dominion to make room for his own scriptural wheelbarrow.

CHAPTER 3: JUDA and YAHWEH

To understand how the "Great Khazar" was condensed into "Israel," we must perform a forensic audit of the name itself. The Mastermind (Philology) claims the word "Jew" is a tribal designation from the Levant. The **Black Box** reveals a much older, structural reality: the **CD Signature**.

I. The Ontic Equation: C + D

In the Turkic-Shamanic dualism, the universe is held between two poles. Identity is not a label; it is a coordinate.

1. **D (The Dev):** The Masculine Archetype. The Pillar, the Law, the Giant, and the Vertical axis of sovereignty.
2. **C (The Isi/Ju):** The Feminine Archetype. The Heat, the Container, the Territory, and the "Home."

In the ancient phonetics of the Steppe, the **C** is read as **Ju** or **Ji**. When these two are synthesized, they form the **CD**—the **Ju-Dev**.

II. The Root of Belonging:-cu

The Turkish suffix **-cu** (or **-çü**) denotes "belonging to," "practitioner of," or "one who follows."

- **Dev-cu (Ju-Dev):** Literally, "One who belongs to the Dev" or "The House of the Lord."

This was a **Shamanic Rank**, not a religious ethnicity. To be a **Ju-Dev** was to be a member of the elite cadre that maintained the **Töre** (The Law) within the **Isi** (The Heat). When the Khazar elite adopted the "Jewish" label, they weren't changing their name; they were simply translating the **CD Signature** into a Western-facing script.

III. The Rabbinic Smudge: From Ju-Dev to Yahoodi

The Sura Academy (The Rabbi) recognized that the name **Ju-Dev** was a direct link to the Northern Shamanic Power. To steal the "Car" and turn it into a "Wheelbarrow," they had to smudge the phonetic signature.

- **The Transformation:** They took the **C/Ju** and shifted it toward the **Y** sound.
- **The Erasure:** They elongated the vowels to hide the **Dev** (D) root.
- **The Result:** **Ju-Dev** $\rightarrow$ **Judi** $\rightarrow$ **Yahoodi**.

By the time the name reached the "Israel" of the Levant, the "Dev" (The Shamanic Lord) had been erased from the word. The Rabbi replaced a title of **Sovereign Belonging** with a title of **Religious Submission**.

IV. The Maternal Tripwire

The Rabbi kept one element of the original Shamanic code, likely because he could not overwrite the biological reality: **Matrilineal Descent**.

In the Shamanic dualism, the **C (Ju)** is the Mother/Territory. Therefore, the "belonging" is determined by the "Container." You are a **Ju-Dev** because you come from the **C**.

The Rabbi took this Shamanic law of biological containerhood and re-branded it as "Jewish Law" (Halakha). He claimed he was the one who decided who was a "Jew," but he was merely enforcing a stolen Shamanic protocol that had existed since the first **Dev** walked the Steppe.

IV. Ahriman as Yahweh

Step	Derivation	Logic
Ahriman loves Jahi/Yahu	Original cosmology	Father-beloved relationship
Jahi's father figure	Yah-Aba	Yahu's father in Hebrew
Hebrew B=W	Standard Hebrew phonology	Bet/Waw interchange
Yah-Aba → Yahawa → Yahweh	Sound shift	Ahriman becomes Yahweh

Yahweh —

The unutterable sacred name —

The God of monotheism —

May be the hostile renaming —

Of the dark masculine cosmic principle —

Who was originally —

In love with Jahi.

If Is-ra-El (Israel) is supposed to follow the Canaanite pantheon where EL is the father. Then EL himself is Yahweh (while in the name of Is-ra-El, Is was taken from Isis, ISI and El from Canaanite).

The Jewish/Yahoodi Name — Now Decoded:

Name	Language	Alleged Meaning
Jew	English	Follower of Judaism
Judean	Greek/Latin	From Judea
Yahoodi يهودي	Arabic	Follower of Yahweh
Jud/Jood جهود	Persian/Arabic	Jewish person
Yehudi	Hebrew	From Judah/Yahu

Forensic Conclusion

The "Jew" is not a person from Judea; the **Ju-Dev** is the "Follower of the Shamanic Lord." The Rabbi's "Yahoodi" is a linguistic mask designed to make the owners of the **CD Signature** forget their own masculine pillar. He gave them the "C" (The Mother) but stole the "D" (The Dev), leaving the nation "widowed" and easier to drive into the Levant. Yahweh is simply Yah-aba meaning the father of Jahi.

CHAPTER 4: THE WHEELBARROW STRATEGY – THE THEFT OF MAGNITUDE

The transition from the "Great Khazar" to "Israel" was not a natural decline; it was a deliberate **Engineering of Scale**. To steal a kingdom, the Scavenger must first convince the King that his palace is actually a hut. This is the **Wheelbarrow Strategy**.

I. The Parable of the Wheelbarrow

In the Shamanic era, the identity of the **Ju-Dev** was a "Grand Imperial Car"—a high-performance vehicle of sovereignty, spanning the Khazar North and the Babylonian South, fueled by the **Töre** (Eternal Law).

The Rabbi at Sura realized he could never drive this "Car." He lacked the Shamanic rank, the bloodline of the **Zar-Man**, and the connection to the **Isi** (Heat). His solution was to dismantle the car. He took the wheels, the engine, and the frame, and reassembled them into a **Wheelbarrow**.

- **The Benefit:** A wheelbarrow is small, slow, and requires a "Pusher" (The Rabbi).
- **The Result:** The Lord was demoted from a "Driver" of a Great Empire to a "Passenger" in a scriptural cage.

II. The Scriptural Scavenger vs. The Physical Slave

We must maintain the forensic partition between the two types of theft that dismantled the Shamanic world:

1. **The Rabbi (The Scriptural Scavenger):** Operating from the "Little House" in the Levant/Sura. He performed the **Software Theft**. He stole the name, the Law (Torah), and the God (Yahweh) and compressed them into a book.
2. **The Aryan (The Physical Slave):** Operating later in the European geography. He performed the **Hardware Theft**. He took the physical property (The Reich), the titles (The Gau/Graf), and eventually slandered and slew the Lord.

The Rabbi's theft is the elder crime. He provided the "Minor Identity" that the Aryan would later use to justify the liquidation of the Lord.

III. The Chronological Priority of Sura

Israel was manufactured in the Sassanian Babylonian academies of **Sura** centuries before the "Aryan" even knew how to write a law. The Sura Academy was the factory where the **Töre** was petrified. By the time the Khazar-Ashkenazi moved into Europe, they were already carrying the Rabbi's "Wheelbarrow" in their minds, even while they were building "Great Empires" with their hands.

IV. The Enclosure of the Soul

The Wheelbarrow Strategy turned a **Universal Shamanic Reality** into a **Localized Ethnic Anecdote**.

- Instead of the **Töre** governing the Cosmos, they were given "613 Rules" governing a kitchen.
- Instead of the **Sev** (Love) heating the World, they were given a "Jealous God" guarding a small plot of land.

This diminution served the Rabbi's ultimate goal: **Enforcement**. You cannot enforce the Infinite (The Töre), but you can enforce the Miniature (The Talmud). The Rabbi made the world small so he could be the one to measure it.

CHAPTER 5: THE SOUTHERN REICH – RESH GALUTA IN BABYLON

While the Northern Khaganate was consolidating the Shamanic heartland, a parallel deployment was operating in the South. This was the Babylonian **Resh Galuta**, a title that history has minimized as a "community leader," but which the Black Box reveals as a **Sovereign Node** of the Great Khazar.

I. The Rosh-Galot: Head of the District

The title **Resh Galuta** (or **Rosh-Galot**) carries the exact administrative signature of the Northern Shamanic software.

- **Rosh:** The "Head" or "Primary Authority."
- **Galot:** Commonly translated as "Exile," but optically it refers to a **Gau/Gal** (A Circle or District).

The **Rosh-Galot** was the "Head of the District." He was not a refugee; he was a **King-in-Residence**. He operated a "Reich without a Country," possessing his own courts, tax collectors, and bureaucracy. He was the Southern outpost of the **Zar-Man** (The Judge), maintaining the Shamanic sovereignty within the Sassanid and later Islamic empires.

II. Pumbedita vs. Sura: The Front Line

In Sassanian Babylonia, two cities became the battleground for the soul of the nation. This was the first civil war between the **Sovereign** and the **Scavenger**.

1. **Pumbedita (The Shamanic Stronghold):** The seat of the **Resh Galuta**. This was the home of the "Displaced Shaman," the biological lord who maintained the **Töre** (Eternal Law).
2. **Sura (The Rabbinic Factory):** The seat of the **Gaonim** (The Rabbis). This was the "Little House" from the Levant where the Scavengers gathered to dismantle the Shaman's "Car."

The conflict was not theological; it was a war of **Rank**. The Resh Galuta claimed authority through blood and Shamanic tradition. The Rabbis of Sura claimed authority through the "Book" they were currently writing.

III. The Displacement of the Shaman

The Rabbi's strategy was to hollow out the Resh Galuta from within. They used the "Wheelbarrow Strategy" to argue that the King's authority was "merely political," while the Rabbi's authority was "divine."

By the time the Babylonian deployment ended, the **Rosh-Galot** had been stripped of his administrative reality. The Rabbi at Sura had succeeded in turning the King into a "ceremonial figurehead" while the Rabbi took control of the "Software" of the people. This was the first successful "Beheading" of the Lord.

IV. The Real "Exile"

The Rabbi's most brilliant lie was the name "Exilarch."

- **The Fact:** The Rosh-Galot was a sovereign collecting taxes in his own jurisdiction.
- **The Fiction:** The Rabbi called him an "Exile" to imply that his true home was elsewhere—specifically, in "Israel" that the Rabbi controlled.

By labeling the King an "Exile," the Rabbi turned the King's own palace into a waiting room. He made the Great Sovereignty of Babylon feel like a temporary "mistake," paving the way for the nation to be "reduced" to a scriptural anecdote.

CHAPTER 6: THE ROSH-GOLIATH WOUND

The most efficient way to destroy a King is to turn his title into a joke. After the Rabbi at Sura succeeded in "Minimizing" the scale of the empire, he had to perform a final surgery on the **Rosh-Galot** (The Head of the District). He needed to ensure that no future generation would look at that title and see a Sovereign.

I. The Etymological Beheading

The title **Rosh-Galot** was a forensic danger to the Rabbi. As long as it meant "Head of the Jurisdiction" or "Sovereign of the Circle," it pointed directly back to the Shamanic **Zar-Man** and the **Gau** (District).

The Rabbi's solution was the **Goliath Fraud**:

- **The Reality: Rosh-Galot** = The Head (Rosh) of the District (Galot/Gau).
- **The Fiction: Rosh-Goliath** = The Head of the Giant Goliath.

The Rabbi invented a bizarre, morbid narrative: He claimed that the Exilarch's lineage (descending from David) was defined by the act of decapitating the Philistine giant. Therefore, the "Rosh" in his title wasn't his own head—it was the severed head of his grandfather's enemy.

II. The "Sick Mind" of the Scavenger

As a forensic investigator, one must ask: **What kind of king defines his dynasty by the rotting head of an opponent?** A true Lord names himself after his **Source** (The Sun, the Dev, the El). Only a "Sick Mind"—a scavenger looking to mock a fallen Lord—would re-brand a sovereign title as a reference to a corpse.

By turning **Galot** into **Goliath**, the Rabbi:

1. **Disconnected the title from the Land:** It was no longer about ruling a "District" (Galot/Gau).
2. **Mocked the Shamanic Magnitude:** It turned the "Great Khazar" Lord into a mere trophy-collector.
3. **Installed the Anecdote:** He replaced the administrative reality of the Babylonian Reich with a "Stupid Story" from the book.

III. The Tax-Paying "Exile"

This linguistic wound allowed the Rabbi to maintain the "Exile" lie. If the King is merely the "Head of Goliath," then his presence in Babylon is a historical accident, a "Captivity."

But the logic fails under the slightest audit: **How can an "Exiled King" collect taxes?** Taxes are the signature of a **Landlord**. The Rosh-Galot was not in exile; he was the Sovereign of the South. The Rabbi, sitting in the "Little House" of Sura, had to call it "Exile" because he had already decided that the only "Real" land was "Israel" he intended to control.

IV. The Wound as the Best Sign of Corruption

In forensic science, the "Wound" is the most honest part of the body because it cannot lie about the weapon that caused it. The **Rosh-Goliath** story is the ultimate "Wound" in the Rabbinic scripture. It is so absurd, so illogical, and so clearly designed to diminish the Exilarch that it proves the Rabbinic faction were not "Jews"—they were **Impostors** performing a hit on the Shamanic elite.

They didn't just take the King's power; they took his name, beheaded it, and handed it back to him as a "Scriptural Honor."

CHAPTER 7: THE MOON-NATION PROTOCOL – DECODING

IS-RA-EL as a Fabrication

When the **Zar-Man** (The Solar Pillar) is beheaded by the Scavenger, the Shamanic software does not crash; it enters its "Mirror State." This is the **Moon Phase** of the nation. In the Turkic-Shamanic duality, if the Sun (The Reich) is eclipsed by the night of invasion or betrayal, a new axis must be formed to carry the **Isi** (Heat) through the darkness.

This survival protocol is what was introduced as **IS-RA-EL**.

I. The Anomaly of the Name

The "Theater of Method" claims Israel means "He who wrestles with God." This is a Rabbinic anecdote designed to hide the structural engineering of the word. Through the Black Box, we see a precise formula:

1. **IS (ISI):** The Shamanic **C** archetype. The Mother, the Heat. It is the life-force that remains when the structure is broken.
2. **RA (Farsi: را):** The possessive/directional particle meaning "For" or "Belonging to." It is the bridge of reconnection.
3. **EL (ال):** The **Tribe**, the Clan, the Nation. The vertical Solar Pillar.

The Formula: ISI + RA + EL = ISRA-EL: But for the Saman this is an anomaly!

This is a shamanic formula for building the "greatest name of the demon". Many similar shamanic names with Persian "ra" in the middle exist:

Ahriman = Ah-re-Man

Ahuramazda = Ahu-ra-Mazda

Angaramaynu = Anga-ra-Maynu

Therefore, the name of Israel “did” follow shamanic structure, with only one difference: It is fake! What proves it?

The secret is all such shamanic names which has “ra” in the middle

indicate to the moon as the father of the feminine principle

moon appears as a replacement of the sun

sun has been already killed when moon comes as replacement

such names are formulized as “a new sun for the girl” (it means the moon is a replacement of sun, for the girl)

therefore while such names are dad’s names, but they include the name of son/sun and the girl.

Israel does include Isis (girl), it is followed by the Persian proposition of belonging (ra), but it is followed by El who is dad! It means Israel is a replacement for the dad (after dad is dead). But the problem is, in shamanic mythology dad/moon doesn’t die! He doesn’t need a replacement!

Actually, it happens when “enemy” kills dad, and he “imposes” a replacement for dad.

If this name was truly magi, and was indicating to the Canaanite shamans, it’s correct form could have been: Is-ra-Bel. Because Bel (Baal/Bull) is the one who dies and needs replacement.

Israel is following shamanic structure, but it is betraying the shamanic narrative! So the name itself says: it is the name of an impostor!

The correct name is either Yahweh (father of Yahoo) or Ahriman

II. The Moon Axis

Ahriman is not a place; it is a **Mission**. When the original **Man** (The Tribe/Empire/sun) is "beheaded" by the scavenger, the nation enters "Exile." In this state, the Sun is gone. To survive the night, the Shamanic elite created a **Moon-Nation**.

- The Moon has no light of its own; it reflects the hidden Sun.
- **Ahriman** is the reflectant "Moon" that carries the **Ah/Yahoo** (The Heat/Love) until the Sun can rise again.

This is why **Ahriman** is always associated with the Moon and the feminine axis. It is the "Search Party" of the soul, using the **Ra/Ri** bridge to find its way back to the **Zar/Man**.

III. The Baal (ایل) as the Solar Pillar

In Turkic Shamanism, the **Baal** (Tribe/Clan) is the manifestation of the Divine Order on Earth. It is the Pillar that holds up the sky. By naming the emergency protocol **Ah-ri-Man**, the Shaman ensured that even in the deepest "Exile" (The *Ga/ot*), the people would remember their goal: To restore the **Man** for the sake of the **Jahi**.

IV. The Rabbinic Hijack of the "Emergency"

The Rabbi's most sinister act was to take this **Emergency Survival Software** and declare it a permanent "Religion."

- **The Shaman's Intent:** Ahriman is a temporary "Moon" state used to survive the Night.
- **The Rabbi's Intent:** We kill El (the moon, who was already the replacement of sun), then we give you "a new sun who is a replacement for moon". This is what the name "Israel" means in shamanic form.

- But later when all magi were slaughtered, there was no need to preserve the fabricated shamanic structure (and it created problem by reminding the shamanic structure). Therefore, the shamanic model was erased forever and a story was told about “it was a man who wrestled with Yahweh”.
- They did indeed wrestle with Yahweh with hijacking his name and declaring that they have killed him and brought a new sun called “Israel”.

The Rabbi took the **Yahweh** and claimed it was a tiny, physical "Land" in the Levant. He took a **Cosmic Identity of Survival** and turned it into a **Real Estate Claim**.

CHAPTER 8: THE ARCHAEOLOGICAL VOID OF THE LEVANT

For over seventy years, the "Theater of Method" has been digging into the soil of the Levant with a desperation bordering on the religious. Armed with the Rabbi's "Book," Western universities have excavated every square inch of Jerusalem, looking for the physical evidence of the Great Empire of David and Solomon.

The result of this seventy-year audit is a total, resounding **Silence**. They have found absolutely nothing of imperial scale.

I. The Reason for the Silence

The forensic investigator knows why the shovels come up empty: **You cannot find a Continental Empire inside a Mouse's Cage**. The "Great Khazar" was a massive, Northern and Babylonian Shamanic deployment. David and Solomon are anecdotal portraits of high-sovereignty **Khans** and **Exilarchs**. Their palaces were not built of local limestone in a small Mediterranean village; they were the architectural magnitudes of the **Khazar heartland** and the **Sassanian plains**.

By condensing the history of an Empire into "Israel," the Rabbi created an archaeological impossibility. The "Genie" of the Shamanic State was condensed into a "Lamp" (Jerusalem), and now the world is confused as to why the Genie doesn't fit inside.

II. Jero-shal-ima: The Displaced Mother

The decoding of Jerusalem provides the final linguistic proof.

- **Ger (גר):** The same root as the **Zar/Ger** of **Ger-man-y**. It is the "Judge" or "Meaning."
- **Shel (של):** The Hebrew counterpart for the Farsi/Turkic **Ra** (Belonging to).
- **Ima (אמא):** The Mother (the **ISI/Heat**).

Jero-shal-ima ($\text{\$}\text{\textit{Ger}} + \text{\textit{Shel}} + \text{\textit{Ima}}\text{\$}$) is the "Displaced Spirit of the Mother." It was never intended to be the "Capital of the World"; it was a Southern outpost, a **Moon-Axis Sanctuary** built for the Mother when the Northern Sun was eclipsed.

III. The Abduction of the Sanctuary

The Rabbi took this "Moon-Sanctuary" and "abducted" it. He claimed that this single city was "the whole." This is the core of the **Israel** fraud.

- **The Shamanic Reality:** Jerusalem was a satellite of the Great Empire.
- **The Rabbinic Fiction:** Jerusalem was the center, and the Great Empire didn't exist (it was just a "conversion" of barbarians).

This abduction allowed the Rabbi to hide the **Ha-Zar** (The Real Tribe) and replace it with a localized cult. He traded the **Geography of the Khaganate** for the **Geography of a Neighborhood**.

IV. The Forensic Condition

The archaeological void will never be filled as long as the world looks at Jerusalem through Rabbinic eyes. The stones of the "Great Khazar" are not in the Levant; they are under the Steppe and the Caucasian peaks. To find the "History of Khazar," one must first "step on the Wheelbarrow" of Rabbinic Judaism and return to the **Real Mother:** the Turkic Dualistic Shaman.

The **Zar** (The Pillar) and the **Ima** (The Mother) are the two halves of a magnitude that "Israel" was designed to bury.

CHAPTER 9: THE HIGH TREASON OF SURA

The burning of a temple is usually blamed on the enemy at the gates. However, the forensic audit of the First Temple's destruction reveals a deeper, more sinister "inside job." The demolition of Jerusalem was not a tragedy for the Rabbinic faction; it was their **Declaration of Independence** from the Shamanic Sovereign.

I. The Temple as a Shamanic Dualist Seat

The First Temple of Jerusalem was never the house of a singular, jealous Rabbinic deity. It was a **Turkic-Shamanic Dualistic Temple**. It was built to house the **Zar** (The Sun/The Judge) and the **Ima** (The Mother/The Heat).

The "Secret Name" (the *Shem HaMephorash*) held within its walls was the code of this Dualism. This temple was a Southern anchor for the Great Empire, maintaining the link between the **El** (Tribe) and the **Isi** (Heat).

II. The Confession of the Saboteur

The most shocking piece of evidence in the Rabbi's own book (the Torah) is the "Confession of Yahweh." The text explicitly states that **Yahweh ordered Nebuchadnezzar II, king of Babylonia, to destroy the Temple.**

- **The Forensic Question:** Why would a God order the demolition of his own house, the slaughter of his own priests, and the exile of his own people?
- **The Answer:** He wouldn't. But a **Scavenger Faction** would.

The Rabbinic cult—operating as a "Fifth Column" within Jerusalem—had been rejected and expelled for their heresy against the Shamanic Töre. They fled to Sura in

Babylonia, not as captives, but as **Collaborators**. They conspired with the Babylonian military to level the physical evidence of the Shamanic Kingdom.

III. The Strategic Beheading of the Sun

The destruction of the Temple was the "Beheading of the Sun." The Rabbi needed the physical structure of the **Zar** and the **Ima** to be erased so that he could replace the **Living Temple** with a **Portable Book**.

By ordering the hit on Jerusalem via Nebuchadnezzar, the Sura faction achieved three goals:

1. **Liquidation:** They killed the Shamanic elite who held the true Töre.
2. **Monopoly:** They made themselves the "sole survivors" and therefore the sole interpreters of what the Temple "meant."
3. **The Wheelbarrow:** They successfully moved the "Center of the World" from a physical Sovereign State to a scriptural "Israel" that they carried in their heads.

IV. The High Treason of the "Exile"

The Rabbi's claim that they were "taken into captivity" is the ultimate inversion. They were already in Babylonia, plotting. They invited the wolf into the sheepfold to kill the shepherd (the **Rosh-Galot's** ancestors) so they could claim the flock.

The First Temple was not destroyed because "Jews sinned"; it was destroyed because the **Rabbinic Scavenger** committed high treason against the **Ontology of the Great Empire**. They burned the car so they could force the survivors to walk behind their wheelbarrow.

CHAPTER 10: THE INVERSION OF CAPTIVITY

The "Babylonian Captivity" is the masterpiece of Rabbinic historical fiction. It is the narrative glue that holds "Israel" together. By framing themselves as the tragic victims of a foreign conquest, the Rabbinic faction at Sura successfully hid their role as the architects of the Empire's collapse.

I. The Reality: The Sura Fifth Column

Forensic analysis of the timeline reveals a massive "glitch" in the official story. The Rabbinic faction did not begin in Jerusalem and end in Babylon; they were a **Babylonian-based heresy** that sought to subvert the Shamanic Kingdom of the Levant.

- **The Expulsion:** Long before the arrival of Nebuchadnezzar, these "proto-Rabbis" had been kicked out of Jerusalem for their attempts to rewrite the **Töre** into a legalistic code. They retreated to the Babylonian heartland—not as slaves, but as a bitter, exiled shadow-government.
- **The Conspiracy:** From their base in Babylonia, they established ties with the military expansionists of the Chaldean Empire. They provided the "intelligence" and the "spiritual justification" for the invasion of their own homeland.

II. The Inversion: Victimhood as a Mask

When the Temple was finally leveled and the Shamanic elite were brought to Babylon, the Sura faction performed an incredible feat of **Narrative Inversion**. They claimed that *everyone* was in the same boat.

They took the surviving Shamanic royalty and the **Rosh-Galot** lineage and "enclosed" them within a victim narrative. By telling the story as "We were all taken captive because we sinned," the Rabbi:

1. **Neutralized the Sovereign:** He made the King feel like a prisoner rather than a displaced ruler.
2. **Seized the Moral High Ground:** He claimed the "sin" was a failure to follow the very laws the Rabbi was currently inventing.

III. From Töre to Torah: The Final Petrification

It was during this "Captivity" that the greatest software theft in history was finalized.

- **The Töre:** The original, living, oral Shamanic Law of the **Zar-Man**. It was dynamic, solar, and tied to the "Heat" of the people.
- **The Torah:** The Rabbi's petrified, written version.

In the "Little House" of Sura, the Rabbi took the vast Shamanic Töre and compressed it into the five books of the **Torah**. He turned the "Law of the Universe" into a "Law of the Book." This was the final step of the **Wheelbarrow Strategy**. Once the Law was written down and "closed," the Shaman (the original owner) could no longer change it. The Rabbi became the permanent gatekeeper.

IV. The Jerusalem "Return" as a Colony

When a portion of the people eventually "returned" to Jerusalem under the Persians, they did not return as a Shamanic Empire. They returned as a **Rabbinic Colony**. They brought with them the "Israel" software—the book, the legalism, and the "Minor" identity.

The "Second Temple" was never a restoration of the First; it was a Rabbinic museum built to house the "Wheelbarrow." The Shamanic Sun had been successfully beheaded, and in its place sat the **Sura Script**, dictating the movements of a people who had forgotten they were once the Lords of the Steppe.

CHAPTER 11: THE HA-ZAR RECLAMATION

The audit of the "Israel" concludes not with a funeral, but with a **Resurrection**. To break the Rabbinic spell, one must perform the final act of forensic bravery: stepping on the "Wheelbarrow" of Sura and reclaiming the original Magnitude of the Lord.

I. The Ha-Zar (הזאר): The Real Lord

The Rabbi spent centuries trying to convince the world that the **Khazar** was a "convert" who stumbled into holiness. The Black Box reveals the opposite: The **Ha-Zar** is the source.

- **Ha-Zar (הזאר):** In the Hebrew script, it is "The Zar."
- **The Meaning:** It is the **Zar-Man**, the Solar Judge, the Shamanic King of the North.

The Khazar didn't "become" a Jew; the Khazar was the **Original Jewish**—the Tribe for the Heat (ISI)—before the Rabbi arrived with his scissors. The name "Khazar" is the phonetic footprint of the **Zar** (Sun) operating in the **Gau** (District).

II. Stepping on the Rabbinic "Minority"

The condition for the release of the "Genie" of Great Khazar is the absolute rejection of Rabbinic Judaism. One cannot be an Imperial Lord and a Rabbinic Subject at the same time.

1. **Discard the Anecdote:** Reject the "Wrestler" story of Jacob.
2. **Restore the Ontology:** Reclaim the **El** (Tribe) as the Solar Pillar.
3. **Acknowledge the Treason:** Recognize that the Sura Academy was a factory of sabotage designed to keep the **Ha-Zar** in a state of permanent "Minority."

III. The Return to the Real Mother

Israel was a temporary sanctuary that became a prison. The **Real Mother** is not a specific hill in Jerusalem; the Mother is the **Turkic Dualistic Shamanic Axis**.

- **The Levant:** A "Ger for the Mother" (Jero-shal-ima).
- **The Steppe/Babylon:** The throne of the "Zar for the Mother."

To reclaim the Great Khazar is to realize that **Germany (Ger-Man)** and **Khazaria (Ha-Zar)** are the two wings of the same Shamanic bird. The Rabbi clipped those wings and called the bird a "Jew." The Reclamation is the act of growing those wings back through the realization of the **ISI** (Love/Heat).

IV. The Audit of the Stolen Mother

Israel has always known it was miniature. This is why it lives in fear, why it digs in the dirt for ghosts, and why it clings to its "Book" like a life raft. It is the identity of a **Widow** whose husband (the **Dev**) was murdered by the Rabbi and the Aryan.

The **Ha-Zar Reclamation** is the return of the Husband. It is the moment the **Ju-Dev** looks at the Rabbi and says: *"You did not teach me the Law; you stole my Töre. You did not give me a God; you hijacked my Yahweh. You did not find me a Home; you locked me in a Wheelbarrow."*

Forensic Conclusion: The End of Book II

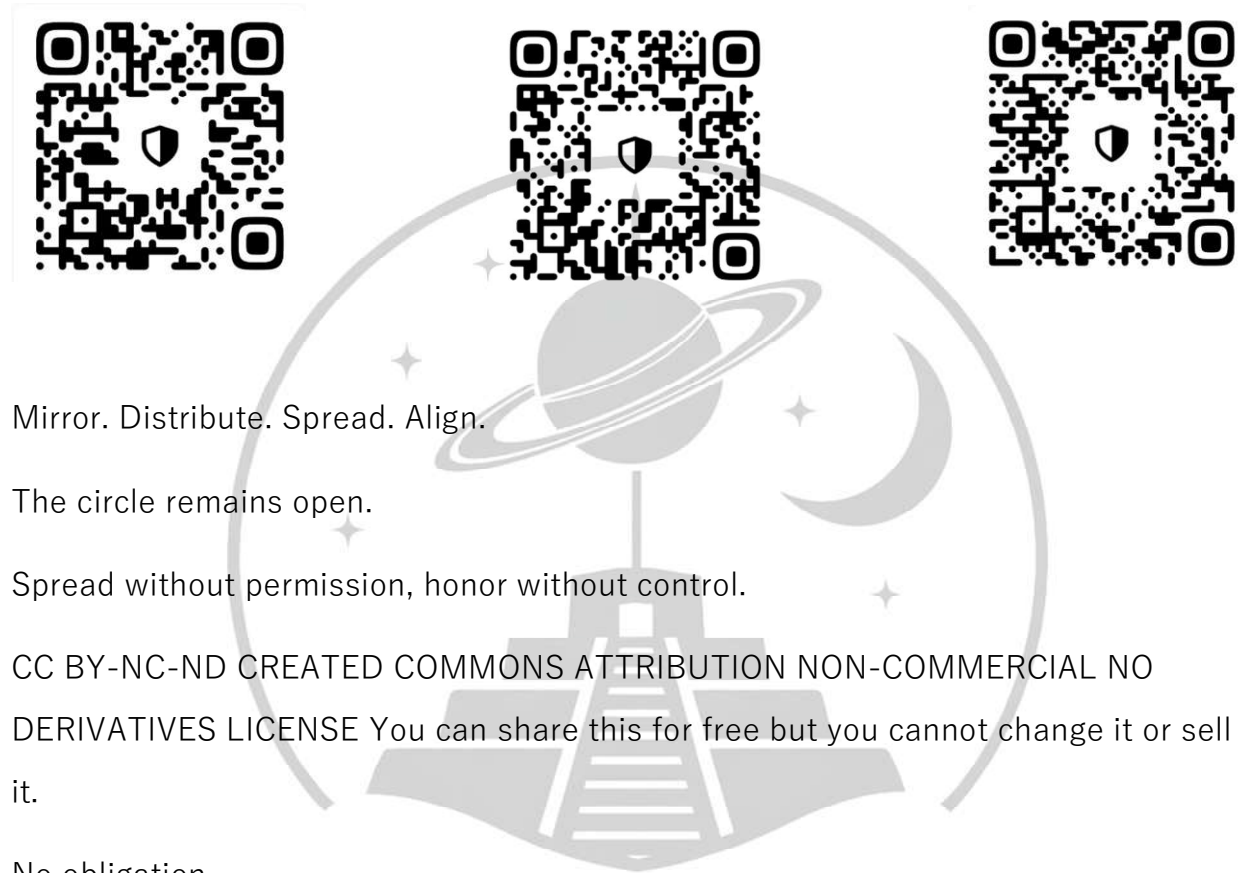

Book II has successfully unmasked the "Israel" as a scriptural fraud. We have traced the theft from the **Sura Academy** to the **Rosh-Goliath** wound, and finally to the **Archaeological Void** of the Levant.

The "Car" has been found. It was never a wheelbarrow. It was always the **Great Shamanic Khazar**—the Axis of the Sun and the Moon, the Reich of Heat and Elegance.
