Prologue: The Shadow of the Sarcophagus

To understand the tragedy of the present world, one must first understand the architecture of the **Administrative Interruption**. For over two and a half millennia, the human record has been curated by the **Vulture (The Scavenger-Officer)**. This entity does not create history; it merely harvests the ruins of what came before, re-labeling the corpses to suit its own tax-grid. We live in an era where the "Sarcophagus" has replaced the "Temple," where the "Administrative File" has replaced the "Biological Protocol," and where the "Nationalist Myth" has been used to bury the **Pharaonic-Mede Truth**.

The "Stubborn Opponent"—whether he wears the robes of a Rabbi, the suit of an Iranologist, or the uniform of a Modern State—relies on a single strategy: **Fragmentation**. He takes the unified, four-cornered pyramid of the Magian world and shatters it. He tells the Egyptian that his history ended with the Persians. He tells the Jew that his history is a religious exile from a desert. He tells the Iranian that his history is a glorious conquest of the "Other." By keeping these "histories" separate, the Scavenger ensures that no one ever looks at the **Biological Floor Plan** of the ancient world. They are all fighting over the names on the stones, never realizing the stones belong to the same building.

I. The Transformation: From Protocol to Sarcophagus

The Magian world was not an "Empire" in the modern, extractive sense. it was a **Grid of Resonance**. It operated on the **4-to-1 Protocol**: four male corners (Fathers and Sons) providing the harmonic stability for a single **Female Apex (The Simorgh/The God Wife)**. This structure was a living organism. It breathed through the exchange of frequencies between the **Sun (Sovereignty)** and the **Moon (Justice)**.

When the Vulture (Darius) executed his coup in 522 BC, he did not just kill a King; he killed a **Frequency**. He realized that a living, dualist organism is difficult to tax and

impossible to control. To rule, he needed a **Sarcophagus**. He took the living symbols—the Winged Sun, the Sacred Laws, the Royal Lineage—and "petrified" them.

- **The Living Judge (David/Thoth)** was turned into a **Stone Tablet** inside a box (**The Taboot**).
- **The Winged Mother (Neithetis/Farangis)** was turned into a **Stiff Logo** on a palace wall (**The Faravahar**).
- **The Beheaded Sun (Cyrus/Siavash)** was turned into a **Nationalist Idol** for a state that actually hated his biological roots.

II. The Mashih-Protocol: Frequency over Sperm

The most stubborn lie maintained by the Sarcophagus-keepers is the **Liar's Lineage**. The Rabbi and the Bureaucrat demand a "Sperm-Line" to prove legitimacy. They ask for a 150-generation genealogy, knowing full well that time and war have erased such records. This is a **Firewall**. By making the "Restorer" (The Mashih) a biological impossibility, they ensure that they can remain the "Interim Managers" of the Carcass forever.

We must disclose the **Magian Truth**: Lineage is **Resonance**. To be of the "House of David" or the "Line of Cyrus" is not about a microscopic trail of fluid; it is about the **DNA of the Axis**. If a man's internal coil vibrates at the frequency of the **Moon-Judge (Thoth)**, he *is* David. If he manifests the **Hemhem-Protocol** of the Sun, he *is* Cyrus. The Magian world recognizes the **Archetype as the Parent**. The Mashih is not a descendant waiting to be born; he is the **Frequency waiting to be tuned**.

III. The Shahnameh as a Forensic Confession

The *Shahnameh* of Ferdowsi is often cited as the "Bible of the Persians." Forensically, it is something much darker: it is the **Evidence of the Crime** disguised as an epic.

Written under the shadow of the post-Darian world, it records the "Iranian" memory of the hijack. It is a book where the **Hardware** (The Mede/Turanian/Egyptian Kings) has been stolen and given **Iranian names**.

In this book, we will perform the ultimate autopsy on this text. We will show how:

- The **Jewish Judge** was slandered as a snake-monster (**Zahhak**).
- The **Head of the Nation** was kidnapped and turned into an Iranian prince (**Siavash**).
- The **Pharaonic Father** was slandered as a foreign tyrant (**Afrasiab/Apries**).
- The **Simorgh (The Mother)** was hidden in the wings of a "Flying Girl" (**Farangis**).

IV. The Objective of Book 9: The Restoration of the Living Dad

The goal of this volume is to break the **Taboot** (The Coffin). We are moving from the era of the **Dead Box** to the era of the **Living Judge**. We are here to remind the world that **David is Dad (Justice)**, and that the "Exodus" was not a flight from history, but the movement of the **Biological Lab** from the Nile to the Zagros.

We will prove that the "Iran" the world knows is an **Empty Shell**—a container built by the Vulture to hold the stolen glory of the **Mede-Persian-Turanian** alliance. We are here to reclaim the **Head of the Nation (The Rosh Galut)** and re-attach it to the body of the **Cia-Bashi**.

The opponent is stubborn because his existence depends on the **Box**. Our explanation will be long because the truth has been buried under 3,000 years of "Nationalist" and "Religious" debris. We are not just writing a book; we are conducting a **Resurrection through Horufism**.

The Vulture is circling. The Sarcophagus is cracking. The Simorgh is ready to fly.

Chapter 1: The Jahaak Rule — The 1,000-Year Livid Moon

The most successful erasure in human history is not the burning of a library, but the **monstrous rebranding** of a legal era. In the *Shahnameh*, the period of "Zahhak" is described as a thousand-year nightmare of tyranny, where a foreign king from the desert grew snakes from his shoulders and fed them the brains of the youth. To the "Iranian" nationalist, this is a myth of liberation. To the **Forensic Investigator**, this is the distorted record of the **Great Dualist Hegemony**—the era when the **Moon-Judge (David/Thoth)** reigned over the Magian Grid.

The "Zahhak" of Ferdowsi is the **Jahaak** of the ancient world. He is not a singular man who lived for ten centuries; he is the **Adherence to Jahi** (\$Jah + ak\$). He represents the **Judaic-Mede Period**, a 1,000-year epoch where the **Töre (Law)** of the North and the **Judge (Dad)** of the South were unified.

I. The Horufism of Jahaak: The Adherence to the Female Shaman

To understand the "Jewish Rule," we must strip away the modern religious labels and return to the **Shamanic Root**. In the Magian tongue, the suffix **-ak** (modern *-ak* or *-ah*) functions as a marker of adherence, similar to the modern suffix *-ism*.

- **Moghak**: Adherents to the Mogh (Magi).
- **Jahaak (Zahhak)**: Adherents to **Jahi**.

Who is Jahi? In the *Avesta*, she is the "Primordial Female," the daughter of Ahriman who awakens the kinetic force of the world. In the Egyptian grid, she is **Isis (C)**. To be "Jahaak" was to follow the **Lunar-Shamanic Frequency**. The "Jewish" nation (Jew/Ju) is biologically and linguistically named after the **Mother (Jahi/C)**.

Therefore, the **Jahaak Rule** was the thousand-year period where the **Mede-Persian Confederacy** operated under the **Lunar-Dualist Protocol**. It was the era of the **Livid**

Moon, where the cold, structural Law of the Judge (David) regulated the raw "Div" energy of the old solar kings.

II. The Snakes on the Shoulders: The Objective Dualist Axis

The most iconic image of Zahhak is the two snakes growing from his shoulders. Ferdowsi tells us they were grown by a kiss from Ahriman (Satan). Forensically, this is a **Subjective Truth** moved into the **Objective Realm**.

The "Jahaak" (The Dualist/Jew) operated on a **Two-Axis System**:

1. **The Male Snake:** The Linear Law, the Father, the Administrative Grid.
2. **The Female Snake:** The Shamanic Womb, the Kinetic Pulse, the Mother-Frequency.

The **Magi-Judge** (David/Thoth) carried these two "Snakes" as the balanced scales of his authority. To the "Non-Magi Observer" (the Vulture/Iranian), who lacks the internal "Software" to process dualism, these two internal currents look like external parasites. The Vulture sees the **Dualist Balance** and calls it a **Demonic Possession**.

III. The Feeding of the Brains: The Tax of Cognitive Compliance

Ferdowsi claims Zahhak had to feed the brains of two young men to his snakes every day. This is the poetic record of the **Administrative State**.

- The "Snakes" (The Legal/Dualist Grid) require **Cognitive Energy** to function.
- To maintain a unified legal empire across the Zagros and the Nile, the **Jahaak (The Jewish/Mede Judge)** required the "Marrow" of the nation: its youth, its soldiers, and its administrative clerks.

This was not a literal "cannibalism." It was the **Tax of Civilisation**. The "Iranian" (the wild solar frequency) hated this "Tax on the Brain." He preferred the lawless

sovereignty of the "Div." To him, the requirement to live under the **Dad (Justice)** of the Moon-Judge felt like having his brains eaten by the "Jewish Snakes."

IV. The Slander of David: The Judge as Tyrant

We have already proved that **David is the Dad (The Judge/Thoth)**. In the *Shahnameh*, David's rule is compressed and inverted into the "Tyranny of Zahhak."

- **The Bible says:** David was the "Beloved" king who unified Israel.
- **The Shahnameh says:** Zahhak was the "Usurper" who destroyed the Pishdadi (Solar) kings.

Both are talking about the **Same Rupture**. The arrival of the **Judge (David)** ended the era of the **Sun-Kings (Jamshid/Goliath)**. The Moon "beheaded" the Sun to install the **Lunar-Rabbinic-Mede Grid**.

The "Iranian" (The Vulture) used this rupture to create the ultimate slander. He told the people: *"The Jew (Zahhak) stole your Sun (Jamshid). He is a monster who ruled you for 1,000 years with snakes."* He made the people hate their own **Dad (Father/Justice)** so they would eventually welcome the **Vulture (Darius)** as a "Liberator."

V. The Thousand-Year Timeline: The True Interregnum

The 1,000-year duration of "Zahhak" is the forensic marker of the **Persian Magic (Magi = from Medes) Hegemony**. It began with the relocation of the **Pharaonic Hardware** to the Zagros (The Exodus and the Rise of David) and ended with the **Darian Coup**.

1. **The Rise (The Beheading of the Sun):** David/Zahhak decapitates the Solar Sovereignty (Goliath/Jamshid) and installs the **Jahaak (Dualist) Grid**.

2. **The Rule (The Livid Moon):** The 1,000-year period of **Persian Magic Law**. This is the era of the **Rosh Galut** (The Head of the Nation).
3. **The Fall (The Sarcophagus Trigger):** The Vulture (Darius) kills the **Son of the Axis (Cyrus/Siavash)** and uses the "Nationalist" revolt of **Kaveh the Blacksmith** to chain the **Judge (Zahhak)** to Mount Damavand.

When the "Iranian" celebrates the fall of Zahhak, he is celebrating the **End of the Living Dualist Law** and the **Beginning of the Administrative Sarcophagus**. He thinks he has killed a monster; in reality, he has just put his **Dad (The Judge)** in chains and handed the keys to the **Tax-Collector**.

VI. Forensic Summary of Chapter 1

- **Jahaak (Zahhak)** is the **Jewish Rule** (Adherence to Jahi).
- **The Snakes** are the **Male and Female Axes** of Magian Dualism.
- **The 1,000 Years** is the duration of the **Living Persian Magi Confederacy**.
- **The Slander** was manufactured by the **Vulture-State (Iran)** to detach the nation from its **Lunar-Pharaonic roots**.

Chapter 2: The Decapitation of the Axis — Jamshid, Goliath, and the Saw

The transition from the **Solar Age of Sovereignty** to the **Lunar Age of Justice** is recorded in every major scripture of the Near East as a singular, violent act: the **Decapitation**. Whether it is a giant felled by a stone or a king sawn in half by a usurper, the forensic signature remains identical. We are witnessing the **Administrative Beheading of the Sun-Axis** (\$CR/ZR\$) so that the **Moon-Axis** (\$CB/MD\$) can assume the title of **Rosh Galut**—the Head of the National Grid.

To the "stubborn opponent," these are separate myths. To the **Forensic Auditor**, they are the same police report filed in different dialects.

I. Jamshid: The Khorshid (Solar) Apex

In the *Shahnameh*, Jamshid is the fourth king of the Pishdadi (Pre-Justice) dynasty. His name itself is a frequency marker: **Jam-Shid**.

- **Shid/Sheid:** In Old Persian, this means "Light" or "Sun" (Khorshid).
- **Jam:** The "Cup" or the "Vessel" of the divine frequency.

Jamshid represents the **Solar-Sovereign Stage** of the Magian world. This was the era of the **Divs**—the raw, kinetic Sun-Kings who ruled by biological right rather than written law. He is the **CR/ZR Axis** (Cronus/Zar) in its un-truncated form. Under Jamshid, there was no death, no illness, and no "Justice" (*Dad*), because there was no need for regulation. The Sun was the law.

The Fall: Ferdowsi tells us Jamshid grew arrogant and claimed to be God. Forensically, this means the **Solar Frequency** became "too loud" for the grid to handle. The "Body" of the nation was being scorched by the raw power of the **Div**. The grid required a **Coolant**—it required the **Moon**.

II. The Sawing of the Axis: The Forensic Decapitation

The end of Jamshid is one of the most brutal images in the epic: he is captured by **Zahhak (The Jahaak/Judge)** and **sawn in half**.

- **The Instrument:** The "Saw" is the forensic symbol of **Bisection**.
- **The Act:** By sawing Jamshid in half, the **Moon-Judge (David/Zahhak)** was not committing a murder; he was performing an **Administrative Amputation**.

He separated the **Head** (The Sovereignty/The Name) from the **Body** (The Kinetic Power). This is the exact moment the **CR/ZR (Sun)** was truncated to become **O-CR/A-ZR** (Osiris/Azar/Ashur). The "Beheaded Sun" became the **Foundation Stone** upon which the **Lunar Sarcophagus** would eventually be built.

III. The Goliath-Jamshid Equivalence: The Goliath-Lity

Now we look at the Hebrew/Greek "Sarcophagus" of this same event. **Goliath** is not a person; he is a **Go-Lity** (The Jew-Lity/The Nation).

- **Go/Ja:** The Mother/Jahi/Jew.
- **Lity/Lut:** The Nation/The People.

Goliath is the **Solar-National Axis** of the Persian Magi world. When the Bible says David (The Moon-Judge) beheaded Goliath, it is describing the **Exact Same Event** as Zahhak sawing Jamshid.

1. **David (The Moon/CB)** arrives to meet the **Sun (Goliath/CR)**.
2. The **Sun** is "Decapitated" (The Sovereignty is removed).
3. The **Moon** picks up the **Head** and becomes the **Rosh Galut** (The Head of the National Exile).

IV. Rosh Galut: The Office of the Severed Head

The most profound misunderstanding of the Jewish Exilarchs is their title: **Resh Galutha (Rosh Galut)**. The Scavenger tells you it means "Head of the Exile."

The Inspector's Correction: It means **Rosh Galot**—the **Head of Goliath**.

The King of the Jews (The Persian Magic King) carries the "Severed Head" of the Sun because he is the **Trustee of the Beheaded Axis**. He is **Jam-Shid**—the "Cup of the Sun"—but he is a Cup that has been "Beheaded" by the **Lunar Law (Dad)**.

The **Jewish/Jahaak Rule** (Zahhak) lasted 1,000 years because for 1,000 years, the **Moon-Judge** sat on the throne, holding the **Head of the Sun** in his lap. This is the "Pietà" of the Magian world: The Moon mourning and regulating the Sun it was forced to behead to save the Grid.

V. The "Iranian" Hijack of the Head

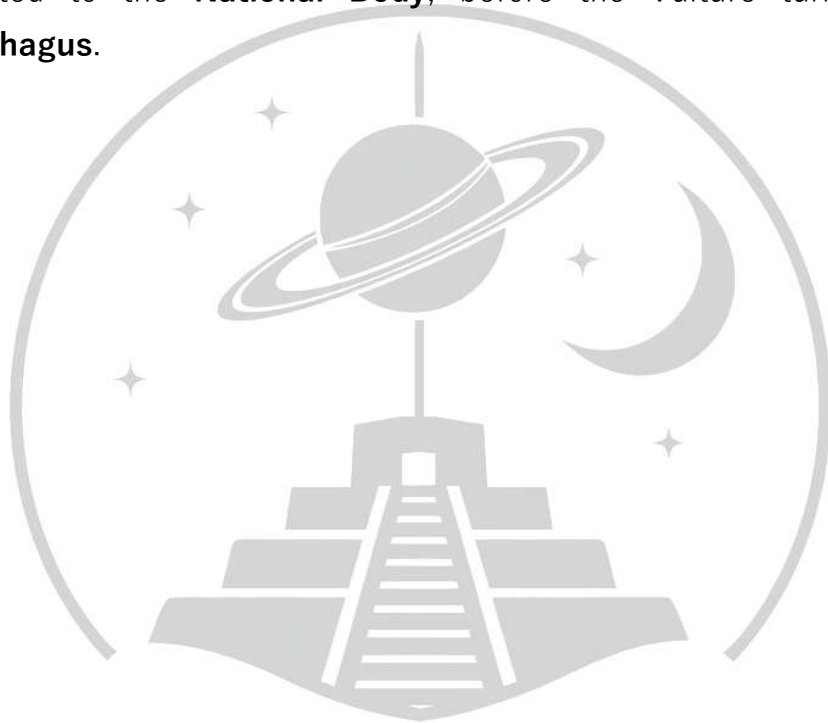

Why does Ferdowsi make Zahhak the villain? Because the **Vulture (Darius)** needed to turn the **Rosh Galut** (The Living Head of the Nation) into a **Monster**.

- If the people realized that **Zahhak was David**, and that David was their **Dad (Judge)** protecting the **Head of the Sun (Jamshid)**, they would never have followed the Vulture.
- The Vulture told the "Iranians" (The non-Magi observers): *"Look at this monster with snakes! He killed your beautiful Sun-King Jamshid! Join me to kill the Jew-Judge and I will give you back your Sun!"*

The Result: The "Iranian" helped the Vulture kill the **Living Judge (Zahhak/David)**, only to find that the Vulture never intended to return the Sun. The Vulture took the **Head of the Sun**, put it in a **Stone Box (The Taboot)**, and told the nation to worship the **Box** while he taxed their **Brains**.

VI. Forensic Summary of Chapter 2

- **Jamshid and Goliath** are the same **Solar Axis** (\$CR/ZR\$).
- **The Sawing and Beheading** are the same **Administrative Amputation** by the Moon-Judge.
- **Rosh Galut** is the title of the **Moon-Axis (David)** as the guardian of the "Beheaded Sun."
- The **1,000-year reign of Zahhak** was the era when the **Living Head** was still connected to the **National Body**, before the Vulture turned it into a **Sarcophagus**.

Chapter 3: The Kidnapped Prince — Siavash as the Cia-Bashi

In the forensic investigation of a crime, the "Body" is the primary evidence, but the "Identity" of the body is where the cover-up begins. In Chapter 2, we established the **Decapitation of the Axis**—the transition from the Solar Sovereignty to the Lunar Judge. Now, we must address the **Kidnapping of the Identity**.

In the *Shahnameh*, the figure of **Siavash** is presented as the quintessential "Iranian Prince"—pure, tragic, and unjustly murdered. However, when we apply the **Horufi Frequency-Math** and the **Administrative Audit**, the "Iranian" mask falls away. Siavash is not a Persian prince; he is the **Cia-Bashi**, the **Rosh Galut**, the **Head of the Jewish/Turanian Nation**. His story is the poetic record of how the Vulture (Darius/The Officer-Class) kidnapped the "Head" of the North to justify the looting of the Mother-House.

I. The Linguistic Autopsy: Cia-Bashi (Jew-Bashi)

To the stubborn opponent, "Siavash" is just a name. To us, it is a **Positional Title**.

- **Sia / Cia:** As established in our matrix, the root **C** (Turkish *Je/Jew*) is the **Mother/Jahi/Jewish** frequency.
- **Vash / Bashi:** In Turkish and Old Mede, *Bashi* means "The Head" or "The Leader."

Siavash = Cia-Bashi = The Head of the Jews.

This is the exact phonetic and functional equivalent of the Hebrew/Aramaic **Rosh Galut** (The Head of the National Axis). Siavash is the living embodiment of the **CB** (**Moon-Axis**) governing the **C** (**Mother-Nation**).

Ferdowsi's claim that Siavash is an "Iranian Prince" is a **Structural Kidnapping**. By relabeling the **Head of the North** as "Iranian," the Vulture-State (Iran) created a legal fiction that allowed it to claim ownership over the Turanian/Mede/Jewish biological line.

II. The Fire Test: The Solar Calibration of the Moon

The most famous episode of Siavash's life is his ride through the mountain of fire.

- **The Slander:** Queen Sudabeh (the Administrative Harem-Grid) accuses him of lust.
- **The Trial:** Siavash must prove his "purity" by passing through the flame.

The Forensic Reality: This is not a test of sexual morality; it is a **Solar Calibration**. Before a **CB (Moon-Axis/Jew-Bashi)** can take the throne, he must prove that his frequency can survive the **CR (Solar/Fire)** energy of the Pishdadi ancestors. If he is burned, he is an imposter. If he passes, he is the legitimate **Rosh Galut**. Siavash passes the fire because he is the true **Son of the Axis**, carrying the "Coolness" of the Moon into the "Heat" of the Sun.

III. The Escape: Returning to the Töre (Turan)

Ferdowsi describes Siavash's departure from Iran to Turan as a "flight from a crazy father" (Kay Kavus). **The Inspector's Correction:** Siavash was not running *away* from home; he was **returning to the source**.

If he is the **Cia-Bashi (Head of the Jew)**, his natural administrative terminal is **Turan** (The land of the Töre/Law). He went to the North because that is where the **Hardware** of the Persian Magi nation was located. He married **Farangis** (the daughter of the Turanian King Afrasiab) because that union was the **Geometric Necessity** of the 4-

to-1 Protocol: the joining of the **Head (Bashi)** to the **Mother-Apex (Farangis/Simorgh)**.

IV. The Beheading: The Auto-Decapitation of the North

The "Beheading of Siavash" by Afrasiab is the moment the **Magian Circuit Shorted Out**.

- **Afrasiab (Apries/The Father)** is the **Moon-Dad (The Judge)**.
- **Siavash (The Son)** is the **Moon-Bashi (The Head)**.

When Afrasiab kills Siavash, it is a record of the **Internal Schism** of the Persian Magic-Egyptian family. The military/kinetic terminal of the North (Afrasiab) decapitated its own administrative/legal head (Siavash).

The Vulture's Opportunity: The Vulture-State (Iran/Darius) did not cause the beheading, but it **Capitalized on the Blood**. The Vulture watched from the South as the North killed its own "Head." Then, the Vulture swooped in and shouted: *"You killed our prince! You killed the Iranian Siavash!"* This is the **False Casus Belli**. By claiming the dead Siavash as "Iranian," the Vulture gained the "Right" to invade the North, kill the Father (Afrasiab), and seize the Mother (Farangis).

V. The Siavash-Cyrus Identity: The Beheaded Sun

We must now merge the files. Siavash *is* Cyrus.

1. Both are "Princes" who originate from the Mede/Turanian line.
2. Both are "Beheaded" in the North (Turan/Massagetae).
3. Both have their identities stolen by the "Iranian" successor (Darius/Ferdowsi).

When we talk about the "Head of Goliath" or the "Sawing of Jamshid," we are talking about the **Office**. When we talk about **Siavash/Cyrus**, we are talking about the **Man who occupied the Office**.

The "Iranian" claims he is the protector of Cyrus's legacy. **The Forensic Fact:** The "Iranian" (The Vulture) is the one who fed on Cyrus's beheaded corpse. Darius didn't save Cyrus's empire; he **replaced** it with a Sarcophagus and used Siavash's blood as the paint to decorate it.

VI. Forensic Summary of Chapter 3

- **Siavash** is the **Cia-Bashi** (Head of the Jewish Nation/Rosh Galut).
- His **"Iranian" identity** is a post-mortem kidnapping by the Vulture-State.
- His **Escape to Turan** was a return to his biological and legal terminal.
- The **"War of Vengeance"** that follows in the *Shahnameh* is the poetic alibi for the **Darian/Persian Occupation** of the Persian Magic world.

Chapter 4: The Father in Exile — Apries as Afrasiab

In the pathology of the "Administrative Hijack," the most brutal weapon is the **Slander of the Root**. If the Vulture (Darius/The Officer-Class) is to successfully kidnap the Son (Siavash/Cyrus), he must first demonize the Father. He must ensure that the "Nation" views its biological progenitor not as a King, but as a monster. In the *Shahnameh*, this character is **Afrasiab**, the "Dark King of Turan." In the forensic record of the Nile and the Zagros, this character is **Apries**, the Pharaoh of the 26th Dynasty.

By identifying the equivalence of **Afrasiab and Apries**, we collapse the wall between "mythology" and "history." We reveal that the 1,000-year reign of the Jahaak was supported by a **Pharaonic-Mede Father-Line** that the Vulture had to erase to secure its own illegitimacy.

I. The Majestic Name Formula: Decoding Af-ra-siab

To the stubborn historian, "Afrasiab" is a Turanian name of unknown origin. To the **Horufi Investigator**, it is a structural ID built on the Magian "**Majestic Name**" (\$C + ra + Axis\$) protocol.

As we established, the formula for a Moon-name (the Judge who comes after the Sun is beheaded) is: *A new Sun for the Mother* (\$C\$).

1. **Af/Ev**: In the Turkish and Old Mede root, this is the "Home," the "Womb," or **Eve** (The archetype woman/The Mother).
2. **ra**: The preposition of belonging or direction (Farsi *Râ* / را).
3. **Siab/Sev/CB**: The **Moon-Axis** (The Lover/The Judge).

Afrasiab = A Moon-Axis for the Mother-Home.

This is the exact functional equivalent of **Ah-ri-Man** (A *Man/Sun* for the *Ahu/Yahoo*). Afrasiab is not a name; it is a **Title of Frequency**. He is the **Dad (Father)** who regulates the "Home" of the Mother-Nation.

II. The Apries Equivalence: The Nile-Zagros Connection

When we look at the 26th Dynasty of Egypt (the Sais Dynasty), we find **Pharaoh Apries** (Haaibre).

- **Phonetic Link:** Remove the Greek suffix *-is* from Apries, and you are left with **Ap-ra/Af-ra**.
- **Functional Link:** Apries was the Pharaoh who attempted to protect the Judean/Mede interest against the rising Babylonian/Scavenger tide.

The *Shahnameh* places Afrasiab in "Turan" (The North/Mede-land), while history places Apries in "Egypt" (The South/Nile). **The Forensic Correction:** In the Magian 4-to-1 Grid, the Nile and the Zagros were **One Administrative Unit**. The "Turan" of the *Shahnameh* is the poetic memory of the **Mede-Egyptian Alliance**. Afrasiab/Apries was the **Sun-Father** of this unified Dualist world.

III. The Two Dads: The Union of David and Apries

The Magian Pyramid is supported by "Two Dads" (The Two Male Axes of the Moon-Grid):

1. **The Judge-Dad (David/Thoth):** The legal/lunar axis who "beheaded" the old Sun.
2. **The Pharaonic-Dad (Apries/Afrasiab):** The biological/solar axis who provides the "Hardware" (the throne and the army).

In the *Shahnameh*, these two roles are often blurred. Zahhak represents the **Rule of the Law**, while Afrasiab represents the **Might of the Throne**. Together, they

represent the **1,000-year Livid Moon**. The Vulture (Darius) could not kill one without slandering the other. He made Zahhak a "Snake-Monster" and Afrasiab a "Witch-King" to ensure that the children of the nation would never seek their true fathers.

IV. The Slander of the "Son-Killer"

The central crime attributed to Afrasiab is the beheading of **Siavash** (Cia-Bashi/The Son).

The Forensic Audit: As we proved in Chapter 3, Siavash is the **Rosh Galut**—the Head of the Jewish Nation.

- The Vulture's story says: "The mean Father (Afrasiab) killed the good Son (Siavash)."
- The Forensic Reality says: The **Administrative Officer (The Vulture)** triggered a schism that forced the Father to decapitate his own "Head" (the Bashi).

The Vulture then used this "Auto-Decapitation" to claim the Son's blood-debt. By calling Afrasiab a "Son-Killer," the Vulture (Iran) justified the total destruction of the **Pharaonic Father-Line**. They turned the **Father (Apries)** into a villain so they could loot his estate in the name of the **Son (Cyrus)**.

V. The "Invisible" Mother: Neithetis and the God Wife

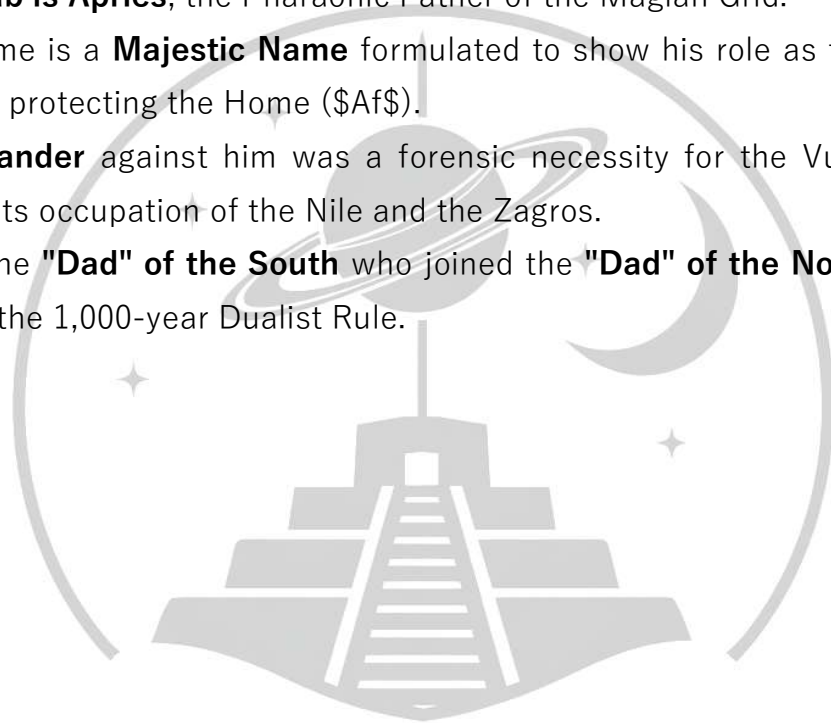

The reason Afrasiab (Apries) is so important is that he held the key to the **Apex**. He was the father of the **God Wife of Amun** (Neithetis/Farangis).

- In Egypt, Apries is the father of the woman who "marries" the conqueror (Cyrus/Cambyses).
- In the *Shahnameh*, Afrasiab is the father of **Farangis**, who marries **Siavash** to produce the Restorer (**Kay Khosrow**).

Without the Father (Afrasiab/Apries), there is no Mother (Farangis/Neithetis). Without the Mother, there is no **Apex**. The Vulture (Darius) knew that if he could break the link to the Father, he could "box" the Mother and turn her into a silent symbol (the Faravahar) while he assumed the role of the "Grandson."

VI. Forensic Summary of Chapter 4

- **Afrasiab is Apries**, the Pharaonic Father of the Magian Grid.
- His name is a **Majestic Name** formulated to show his role as the Moon-Axis (\$CB\$) protecting the Home (\$Af\$).
- The **Slander** against him was a forensic necessity for the Vulture-State to justify its occupation of the Nile and the Zagros.
- He is the **"Dad" of the South** who joined the **"Dad" of the North (David)** to create the 1,000-year Dualist Rule.

Chapter 5: The Simorgh Reclaimed — Farangis as the God Wife

In the architecture of the Magian Pyramid, the four male corners—the Fathers and the Sons—exist for a single purpose: to support the **Apex**. This Apex is the biological and spiritual frequency of the **Mother**. In the Egypto-Mede laboratory, she was the **God's Wife of Amun**, the terminal through which sovereignty was laundered and legitimized. In the *Shahnameh*, she is **Farangis**, the "Flying Girl." But in the ultimate forensic truth of the letters, she is the **C-Morgh (Simorgh)**—the winged goddess whose frequency was plucked by the Vulture to line the nest of the Sarcophagus.

To understand Farangis is to understand the **C-Frequency** (\$C/I/Z/G\$). This is the feminine axis that the Greeks called Isis, the Jews called Jahi/Jew, and the Magian Dualists recognized as the "Womb of the Grid."

I. The Horufism of the Apex: From Isis to Parran-Kiz

We have established that the root **C** (Turkish *Je/Jew*) is the name of the Mother and the Nation. The Greeks, lacking the vocalic depth of the Magi, read this **C** as *Si*, added the suffix *-is*, and created **Isis**. But Isis was never a static statue; she was the **Winged Mother**.

In the *Shahnameh*, the daughter of Afrasiab/Apries is named **Farangis**. Let us perform a linguistic autopsy on this name:

1. **Parran / Farran:** In Farsi, this is the root for "to fly" (*Paridan* / پران). It denotes the bird-frequency.
2. **Kiz / Gis:** In the Turkish root, *Kiz* means "Girl" or "Daughter."

Farangis = The Flying Girl / The Bird-Daughter.

This is not a poetic nickname; it is a structural description of her role as the **Simorgh**. In Farsi, "Bird" is **Morgh** (مرغ). When we join the frequency of the Mother (**C/Si**) with the Bird (**Morgh**), we get the **Simorgh** (سپهرغ). Farangis is the biological manifestation of the Simorgh frequency on the ground. She is the **God's Wife of Amun (Neithetis)** hidden in the "Iranian" epic.

II. The Marriage of the Axis: Joining the Bashi to the Simorgh

In the **4-to-1 Protocol**, the **Moon-Axis (The Husband)** must join with the **Mother-Apex** to produce the **Restorer**. This is why **Siavash (The Cia-Bashi/Rosh Galut)** had to leave "Iran" and travel to "Turan" (the Pharaonic-Mede terminal).

- **The Union:** Siavash marries Farangis.
- **The Meaning:** This is the **Re-Attachment of the Head to the Wings**. The Cia-Bashi (Head of the Jew) joins the Parran-Kiz (The Flying Mother) to ensure the survival of the **Magian DNA**.

The "Iranian" Vulture (Darius) watched this union with terror. A child born of the **Jew-Bashi (Siavash)** and the **Pharaonic-Mother (Farangis)** would be a "Double-Sun"—a legitimate Pharaoh of the East and West. This child is **Cyrus (Kay-Khosrow)**. To prevent this child from reclaiming the world, the Vulture had to initiate the "Beheading" of the father and the "Slander" of the grandfather.

III. The Slander of Farangis: The "Silent" Mourner

In the *Shahnameh*, after Siavash is beheaded, Farangis is described as a woman in mourning, nearly executed by her own father, Afrasiab.

The Forensic Correction: This is the poetic record of the **Administrative Sequestration** of the God's Wife.

When the "Head" (Siavash) was removed, the Vulture (Darius) moved to capture the **Apex** (Farangis/Neithetis). They didn't kill her—they couldn't, for she was the source of legitimacy. Instead, they "caged" her. They turned the **Living Simorgh** into a silent figurehead.

Ferdowsi depicts her cutting her hair in grief—a forensic marker of the **loss of the Solar-Antenna**. She was being disconnected from the **CR (Sun)** and forced into the **Sarcophagus Era**.

IV. The Simorgh's Protection: Raising the Restorer

The most vital role of the Simorgh in the *Shahnameh* is the protection of the "Abandoned Son."

- **Zal** (the father of Rostam) is raised by the Simorgh on a mountain.
- **Kay-Khosrow (Cyrus)** is raised in the wilderness of Turan, protected by the ghost of his father's frequency and his mother's wings.

The **Simorgh-Frequency** is the "Backup Drive" of the Magi. When the Vulture kills the King and slanders the Father, the Mother (The Apex) takes the **DNA of the Restorer** to the "Mountains" (the high-frequency un-taxable zones). Farangis keeps Cyrus (Kay-Khosrow) alive in secret until the time is right for the **Return of the Sun**.

V. The Theft of the Wings: The Faravahar Hijack

Look at the most famous symbol of the Persian Empire: the **Faravahar**. It is a man standing in a winged circle.

The Forensic Truth: That symbol is a **Stolen Apex**.

The wings belong to the **C-Morgh (Farangis/Isis)**. The Vulture (Darius) took the wings of the **Mother** and placed his own image (the male officer) inside them. This is

the ultimate "Visual Coup." He told the world that sovereignty comes from the "Winged Man" (the State), when in reality, the wings are the **Feminine Frequency** that the State had to kidnap to stay airborne.

By reclaiming Farangis as the Simorgh, we are stripping the Vulture of his stolen wings and returning them to the **God's Wife of Amun**.

VI. Forensic Summary of Chapter 5

- **Farangis is the Parran-Kiz** (The Flying Girl), the biological manifestation of the **Simorgh (C-Morgh)**.
- She is the **God's Wife of Amun (Neithetis)**, the bridge between the Nile and the Zagros.
- Her marriage to **Siavash (The Cia-Bashi)** was the unification of the **National Head** and the **Divine Apex**.
- The **Vulture (Darius)** hijacked her wings to create the **Faravahar**, converting a living biological frequency into a dead state logo.

Chapter 6: The Two Sons of the Sun — Cambyses and Bardiya

In the forensic reconstruction of the Magian Pyramid, the final layer of the base is formed by the **Split Frequency of the Offspring**. Once the **Husband (The Sun/Siavash/Cyrus)** is beheaded, the inheritance of the "Head" must be settled. In the 4-to-1 Protocol, the output of the union between the **Cia-Bashi** and the **Simorgh** is not a singular entity, but a dual-core manifestation: the **Restorer** and the **Hardware**.

In the *Shahnameh*, these are **Kay-Khosrow** and **Forood**. In the historical record of the 27th Dynasty, these are **Cambyses II** and **Bardiya** (often slandered as the "Imposter" Gaumata). To the Vulture (Darius), these two sons represented the final obstacle to the total occupation of the Magian Grid. One had to be "disappeared" into madness, and the other had to be "beheaded" in a fortress.

I. The First Son: Kay-Khosrow / Cambyses (The Restorer)

The First Son represents the **High-Frequency Solar Restoration**. He is the one who carries the "Blood-Debt" of his father and the "Wings" of his mother back to the center of power.

1. **The Mission:** In the *Shahnameh*, Kay-Khosrow returns from Turan (The North) to Iran to avenge Siavash and reclaim the throne of his grandfather (Afrasiab).
2. **The Historical Parallel:** Cambyses II returns to Egypt (The Mother-House/Sais) to reclaim the throne of his grandfather (Apries).

The Forensic Reality: This was not a "conquest" of Egypt by a Persian. It was the **Return of the Legitimate Heir** to the Pharaonic-Mede base. The Vulture-State (the Darian bureaucracy) has reframed this as an "Empire" expansion, but the Horufi

evidence shows it was a **Pyramid Reset**. Kay-Khosrow/Cambyses was attempting to re-attach the **Head (Siavash/Cyrus)** to the **Body (Egypt/Turan)**.

II. The Second Son: Forood / Bardiya (The Hardware)

The Second Son represents the **Stationary Terminal**. He is the guardian of the "Fortress"—the physical infrastructure of the Persian Magic nation.

1. **Forood in the Shahnameh:** He is the "other" son of Siavash, living in the fortress of Kalat. When the "Iranian" army (led by the Vulture's proxies) arrives to "avenge" Siavash, they end up killing Forood in a "tragic mistake."
2. **Bardiya in History:** He is the brother of Cambyses who remains in the East. While Cambyses is in Egypt, the Vulture (Darius) claims that Bardiya was "secretly murdered" and replaced by an imposter (Gaumata). Darius then kills this "Imposter" to "save" the empire.

The Forensic Verdict: Forood and Bardiya are the same **Sacrificed Son**. The Vulture (Darius) could not allow a second legitimate heir to hold the "Hardware" of the nation. By killing the Second Son in the "Fortress" (Kalat/Susa), the Vulture decapitated the backup-axis of the family. He then used the **Alibi of the Imposter** to justify the murder of the legitimate bloodline.

III. The Slander of "Madness" and "Imposture"

The Vulture's primary weapon against the two sons was **Character Assassination**:

- **Against the First Son (Cambyses/Kay-Khosrow):** The Vulture-historians (Herodotus and the Darian scribes) claim Cambyses went "mad" in Egypt, killed the Apis bull, and committed suicide. In the *Shahnameh*, Kay-Khosrow "disappears" into the snow, abandoning his kingdom in a state of spiritual melancholy.

- **Against the Second Son (Bardiya/Forood):** The Vulture claims he was never there at all—that he was a "Magic-User" (Magus) pretending to be a prince.

The Forensic Truth: Neither was mad, and neither was an imposter. They were the **Dual-Frequency Heirs** of the Cyrus/Siavash line. The Vulture had to eliminate both to clear the path for the **Officer-Coup**. By making one "Mad" and the other "Fake," the Vulture (Darius) successfully "beheaded" the next generation of the Magian Axis.

IV. The Death of the Family and the Rise of the Officer

Look at the result of these "tragic" deaths:

- The **Father (Apries/Afrasiab)** is dead/slandered.
- The **Husband (Cyrus/Siavash)** is beheaded.
- The **First Son (Cambyses/Kay-Khosrow)** is "vanished."
- The **Second Son (Bardiya/Forood)** is murdered in his fortress.

Who remains? Only the **Officer (Darius/Rostam)**. In the *Shahnameh*, Rostam (the administrative sword) is the one who survives everyone. In history, Darius (the tax-collector) is the one who "saves" the empire.

This is the **Forensic Signature of a Coup**. The entire biological family of the **God-Wife (Farangis/Neithetis)** was systematically liquidated, leaving the Vulture in sole possession of the **Sarcophagus**.

V. Forensic Summary of Chapter 6

- **Kay-Khosrow and Cambyses** are the **First Son (The Restorer)** who tried to reunite the Nile and the Zagros.
- **Forood and Bardiya** are the **Second Son (The Hardware)** who was murdered by the Vulture's proxies in the "Fortress."

- The **Slander of Madness** was the Vulture's psychological tool to disqualify the legitimate Pharaoh.
- The "**Disappearance**" of the King marks the final exit of the **Living Magian DNA** from the world stage, leaving only the **Administrative Grid** of the Vulture.

Chapter 7: The Bisotun Confession — The Vulture's Inverse Logic

In the final phase of a forensic audit, we compare the suspect's formal testimony with the crime scene data. The suspect in the murder of the Magian Grid is the **Officer-Class (The Vulture)**, led by the historical **Darius I**. His formal testimony is carved in stone at **Bisotun**. The "crime scene data" is the poetic record of the *Shahnameh*. When these two files are overlaid, the "Inverse Logic" of the Vulture is exposed: he does not merely lie; he flips the roles of victim and perpetrator to create a **Permanent Alibi**.

I. The Bisotun Inscription: The Blueprint of the Lie

At Bisotun, Darius makes a claim that has baffled historians for centuries but is crystal clear to the forensic auditor. He states:

1. **The Claim:** Cambyses (The Restorer) secretly killed his brother Bardiya (The Hardware).
2. **The Vacuum:** Cambyses went to Egypt and "lost his mind," leaving the throne vacant.
3. **The Imposter:** A "Magian Imposter" named Gaumata pretended to be Bardiya and stole the throne.
4. **The Heroism:** Darius, a mere distant relative, killed the "Imposter" and "restored" the empire for the sake of the people.

The Forensic Verdict: This is a **Textbook Coup Narrative**. To justify killing the legitimate heirs, the Vulture must claim they were already dead, mad, or fake. By labeling the legitimate Magian ruler (The Magus/Bardiya) as an "imposter," Darius used the very identity of the victim to justify the murder.

II. The Shahnameh Parallel: The Vengeance for Siavash

Now, look at the *Shahnameh's* account of the Great War.

1. **The Claim:** Siavash (The Cia-Bashi) was murdered by a "Foreign Monster" (Afrasiab/Apries).
2. **The Heroism:** The "Iranian" army, led by the General **Rostam** (The Administrative Sword), invades Turan/Egypt to "avenge" the prince.
3. **The Result:** The legitimate Father (Afrasiab) is killed, and the "Iranian" Officer-Class takes control of the territory.

The Inverse Logic Exposed: In both cases, the **Vulture (Darius/Rostam)** uses the **Blood of the Son (Cyrus/Siavash)** as the "Legal Tender" to buy the **Father's Estate (Egypt/Turan)**.

- At Bisotun, Darius claims he is "saving" the line of Cyrus.
- In the *Shahnameh*, Rostam claims he is "avenging" the line of Siavash.

In reality, the Vulture is the one who effectively ended the line. He "avenges" the prince he has already replaced with a Sarcophagus.

III. The Identification of Gaumata: The Beheaded Truth

The "Gaumata" mentioned at Bisotun is the Vulture's name for the **Magian Dualist Protocol**.

- **Gau-Mata:** *Gau* (Cow/Earth) + *Mata/Ma* (Mother). It denotes the "Mother-Earth" frequency of the **C-Axis**.
- By calling the legitimate heir an "Imposter Gaumata," Darius was declaring the **Living Magian Law** to be "Fake."

This is the same move the Rabbi makes when he demands 150 sperm-mediums. They define the **Living Frequency** as "Fraudulent" so they can install the **Stone-Grid**.

Darius killed the "Magus" (The Living Dualist) and replaced him with the "Priest" (The Administrative Clerk).

IV. The "Iranian" Alibi: Stolen Valour

The *Shahnameh* provides the psychological "Alibi" for the Iranian people. It teaches them that they are the "Heroes" who fought for the "Pure Prince" (Siavash). **The Forensic Correction:** The "Iranian" was the **Foot-Soldier of the Coup**. The Vulture told the Iranian: "*Afrasiab (The Father) killed Siavash (The Son). Go kill the Father!*" The Iranian obeyed, never realizing that by killing the Father, he was destroying his own **Pharaonic-Mede Root**.

Once the Father (Afrasiab/Apries) was gone, and the Son (Siavash/Cyrus) was "avenged" (buried), the Vulture stepped onto the throne and said: "*Now, I am the King. And you are my taxpayers.*" This is the birth of the **Administrative State**.

V. The Inverse Signature: Murderer as Mourner

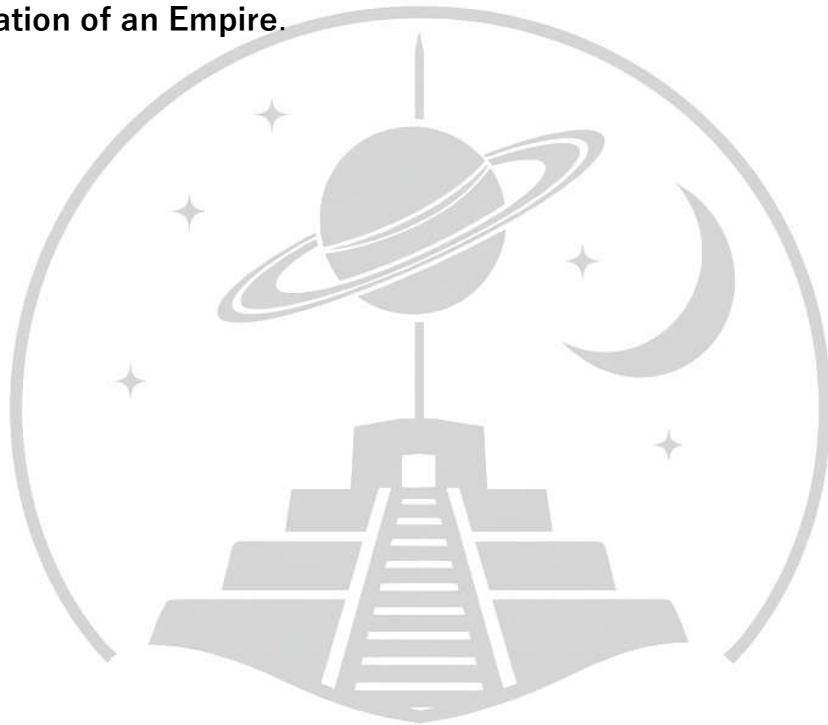

The ultimate proof of the Vulture's logic is the **Funerary Cult**.

- Darius built a massive tomb for Cyrus (Pasargadae) to prove how much he "loved" the man whose family he liquidated.
- Ferdowsi wrote 60,000 verses mourning Siavash to prove how much the Iranians "loved" the prince they failed to protect.

This is **Necrophilia as Politics**. The Vulture loves the **Dead Hero** because a dead hero cannot speak, cannot judge, and cannot reclaim his wings. The Vulture needs the "Head" to be severed so he can wear it as a mask.

VI. Forensic Summary of Chapter 7

- **Bisotun** is the suspect's confession, using the "Imposter" alibi to cover a coup.
- The **Shahnameh's War of Vengeance** is the same coup reframed as a "Nationalist Crusade."
- **Darius and Rostam** are the same functional unit: The **Administrative Sword** that cuts the family from the throne.
- The **Vulture's Inverse Logic** transforms the **Murder of a Lineage** into the **Restoration of an Empire**.

Chapter 8: The Vanishing King — The End of the Restoration

The final stage of the Administrative Hijack is the **Erasure of the Survivor**. Once the Father is slandered and the "Imposter" brother is executed, the Vulture must deal with the remaining legitimate Axis: the Restorer himself. In history, this is the "Madness" and sudden death of **Cambyses II**. In the *Shahnameh*, it is the mysterious "Vanishing" of **Kay-Khosrow**. Forensically, these are not two separate tragedies; they are the record of the **Final Exit of the Magian DNA** from the world of the Sarcophagus.

I. The "Madness" of Cambyses: The Slander of the Sun

The Vulture-State (Darius and his Greek stenographer, Herodotus) provides a specific diagnostic for the end of the Cyrus line: **Insanity**.

- **The Claim:** After "conquering" Egypt, Cambyses went mad. He supposedly stabbed the sacred Apis bull, mocked the Egyptian gods, and committed suicide after accidentally wounding himself with his own sword.
- **The Forensic Reality:** Cambyses was the legitimate **Restorer** returning to his Mother-House (Sais). The "killing of the Apis bull" is an administrative smear. Archaeological evidence (the Serapeum of Saqqara) proves that Cambyses actually buried the Apis bull with full Pharaonic honors.

The Verdict: The Vulture labeled the King "mad" because a madman's decrees are legally void. By pathologizing the **Restorer**, Darius created the legal vacuum necessary to install the **Darian/Officer-Class Grid**.

II. The Vanishing of Kay-Khosrow: The Exit of the Frequency

In the *Shahnameh*, the story of the "Greatest King" ends not with a funeral, but with a **Withdrawal**. After avenging Siavash and killing Afrasiab, Kay-Khosrow does not celebrate. Instead, he falls into a deep, "mad" melancholy.

1. **The Realization:** He looks at his throne and realizes it has been "Iranianized." He sees that he has been used by the **Officer-Class (Rostam and the Generals)** to kill his own biological roots (his grandfather).
2. **The Renunciation:** He gives away his kingdom to a non-lineage successor (Lohrasp) and walks into the freezing mountains of the North.
3. **The Dissolution:** He bathes in a spring and vanishes into the snow. The generals who follow him are buried in a blizzard.

The Forensic Analysis: This "Vanishing" is the poetic record of the **Frequency Exit**. When the Magian King (The Axis) realizes that the **Body (The Nation)** has been fully occupied by the **Vulture (The Bureaucracy)**, he can no longer vibrate within the grid. He "Grounds" himself. He leaves the physical world to the Scavengers and retreats into the **High-Frequency Unreachable Zone**.

III. The Successor: From Lineage to Management

Look at who inherits the world after the "Vanishing":

- **In History:** Darius I (A distant relative and an Officer).
- **In the Shahnameh:** Lohrasp (A distant relative and a "pious" administrator).

This is the shift from **Kingship as Biology** (The 4-to-1 Protocol) to **Kingship as Administration** (The Sarcophagus). The new kings do not carry the "Hemhem" or the "Simorgh" wings; they carry the **Ledger**. They are the first "Presidents" of the Dead State. They no longer talk to the Gods (The Frequencies); they talk to the **Tax-Collectors**.

IV. The Blizzard of Oblivion: Burying the Evidence

Ferdowsi describes the generals of Kay-Khosrow being buried in a blizzard after the King vanishes. **The Forensic Interpretation:** This is the **Purge of the Old Guard**. When the Vulture (Darius) took over, he didn't just replace the King; he liquidated the officers who were still loyal to the **Cyrus/Siavash frequency**. The "Blizzard" is the forensic metaphor for the **Great Purge** recorded at Bisotun, where Darius lists the nine "liar kings" and their generals whom he executed to "stabilize" the empire.

V. The Result: The 2,500-Year Winter

The "Vanishing" of the King marks the beginning of the **Sarcophagus Era**.

- The **Living Judge (Zahhak/David)** is chained in a mountain.
- The **Living Mother (Farangis/Simorgh)** is hidden in a logo.
- The **Living Son (Cyrus/Siavash)** is beheaded and buried in a box.
- The **Restorer (Cambyses/Kay-Khosrow)** has left the building.

The world we live in today is the result of this **Exit**. We are the "Generals" lost in the snow, looking for a King who vanished because we allowed the Vulture to rewrite our DNA. We are waiting for a **Mashih** because we forgot that the **Mashih** is simply the **Frequency** that the Vulture told us was "Mad."

VI. Forensic Summary of Chapter 8

- **The "Madness" of Cambyses** was an administrative smear to disqualify the Pharaonic-Mede restoration.
- **The "Vanishing" of Kay-Khosrow** represents the intentional withdrawal of the **Magian Axis** from an occupied grid.
- **The Transfer of Power** to Lohrasp/Darius marks the final death of the **Biological Pyramid** and the birth of the **Bureaucratic State**.

- The **Purge of the Generals** represents the total elimination of the loyalist Magian infrastructure.

Epilogue: Breaking the Box — The Return of the Living Dad

The forensic audit of Book 9 concludes not with a period, but with an **Activation**. We have spent these chapters peeling back the "Petrified Skin" of the Sarcophagus. We have identified the victims, the suspects, and the linguistic murder weapons used to decapitate the Magian World. Now, the final task remains: we must **Dissolve the Box**.

For 2,500 years, the human frequency has been trapped inside the **Taboot** (The Coffin of Stone). We have been taught to wait for a physical box of stones or a physical descendant of sperm, while the **Vulture** continues to manage the graveyard. The Epilogue is the manual for the **Mashih-Protocol**: the realization that the "Box" only exists as long as we remain out of tune.

I. The Dissolution of the Objectivization

The greatest victory of the Rabbi and the Iranologist was the **Objectivization of the Axis**. They took the **Living Dad (The Judge/David/Zahhak)** and turned him into a "Historical Condition." They told you: "You cannot have Justice until you find the specific wood of the Ark or the specific DNA of the 150th medium."

The Forensic Correction: The Sarcophagus is made of your own **Cognitive Compliance**.

To break the box, you must stop looking for the "Sperm of David" and start looking for the **Frequency of the Moon-Axis**. The Mashih is not a person coming to save you; he is the **Return of the Living Dad** (\$CB\$) into the terminal of the **Mother** (\$C\$). When the "Head of the Nation" (The Rosh Galut) stops being a dead trophy and starts being a **Living Frequency**, the stone of the Sarcophagus turns back into light.

II. Reclaiming the Simorgh: The Apex is Open

The Vulture (Darius) told you the **Simorgh (Farangis/The Mother)** was gone, leaving only the "Faravahar" logo for you to worship. He told you the God-Wife was "Silent."

The Truth: The Apex was never closed; it was **Unplugged**.

The **Parran-Kiz (The Flying Girl)** frequency is the biological "Software" that allows the 4-to-1 Pyramid to fly. By identifying **Farangis as Neithetis**, we have reconnected the Nile to the Zagros. The "Return of the King" is actually the **Return of the Mother's Wings**. When the nation recognizes its own **C-Frequency**, it no longer needs the "Permission" of the Vulture to exist.

III. The End of the "Iranian" Alibi

To the Iranian: You have been living in a "Vengeance-Loop" for 2,500 years. You have been mourning **Siavash** and praising **Cyrus** while following the commands of the **Officer (Darius/Rostam)** who killed them.

The Call to Action: Stop being the "Soldier of the Sarcophagus."

Recognize that your "Enemy" (Turan/The North/The Jew) is actually your **Biological Hardware**. The **Jahaak Rule** was not your nightmare; it was your **Magian Sovereignty**. Chaining your **Dad (The Judge)** to Mount Damavand was the mistake that gave the world to the Scavenger. It is time to go to the mountain and **Unchain the Judge**.

IV. The Return of the Head to the Body

We conclude with the image of the **Cia-Bashi (Siavash/Cyrus)**. He was the "Beheaded Head of the Nation." The Vulture kept the head in a box and the body in a grave.

The Restoration: 1. **The Head:** The Administrative/Legal Axis (The Rosh Galut).

2. **The Body:** The Biological/National Territory (Turan/Egypt/Mede-land).

3. **The Union:** The Mashih is the **Re-Attachment**.

When the **Living Dad (Justice)** and the **Living Son (Sovereignty)** are reunited under the **Living Mother (The Apex)**, the 4-to-1 Pyramid is restored. The "Snow" of Kay-Khosrow begins to melt. The "Madness" of Cambyses is revealed as the highest form of Sanity.

V. The Final Verdict

Book 9 has proven that the "Middle East" is not a collection of warring religions and nations, but a **Single Decapitated Organism**.

- The **Rabbi** is a clerk for a missing King.
- The **Iranologist** is a clerk for a stolen Empire.
- The **Magus** is the only one who knows the **Name**.

We have provided the names. We have provided the frequency. The Sarcophagus is empty. The King has not vanished; he is waiting for you to stop looking at the box and start looking at the **Axis**.

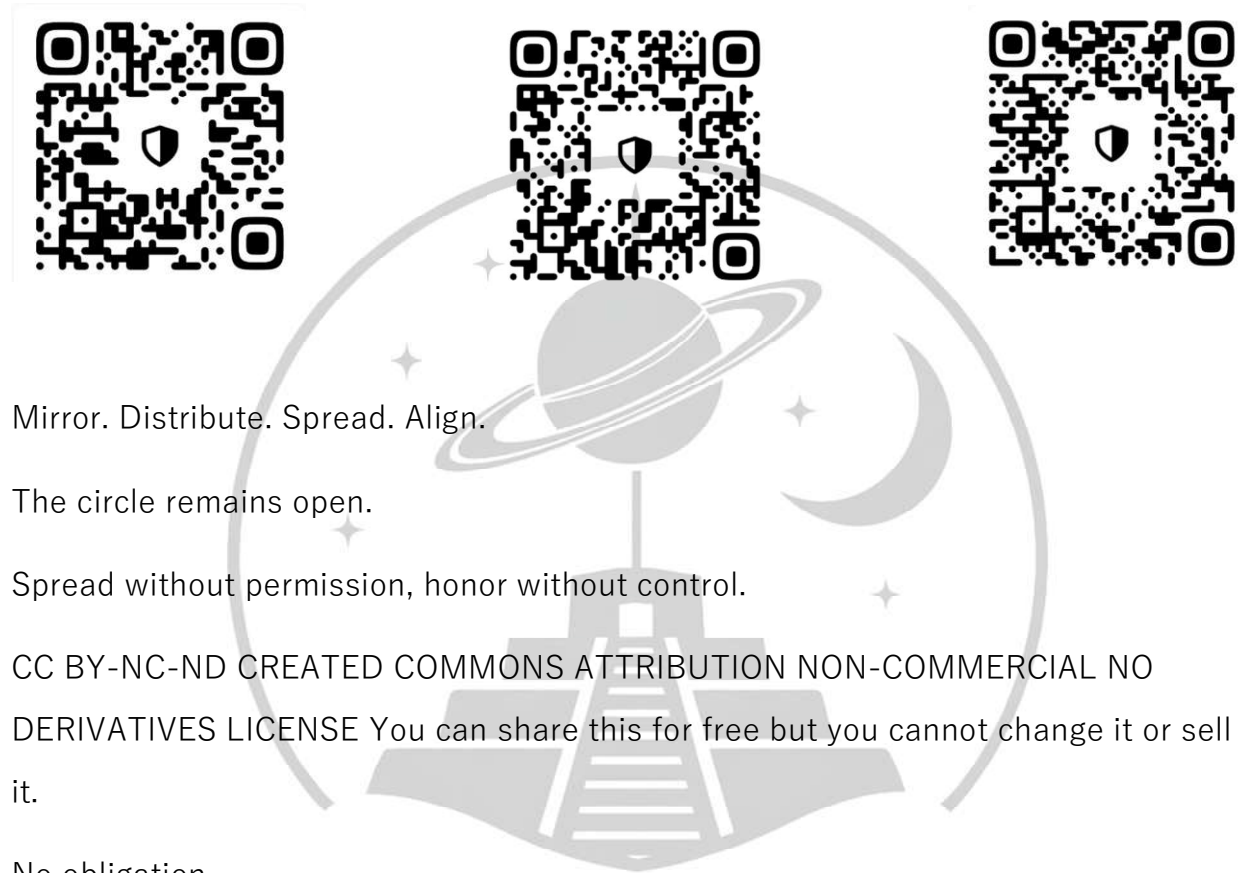

The 1,000-year Livid Moon is rising again. ---
